

GENERAL PERSHING ARRIVES IN PARIS

American Commander Receives Tumultuous Ovation in French Capital

M. JOFFRE AT STATION

Pershing To Determine Where American Expedition Shall Be Placed

LANDS AT BOULOGNE

PARIS, June 13.—Major General Pershing, arrived in Paris late today.

The general received a tumultuous welcome as he proceeded thru the thronged boulevards. At the station he was welcomed by Marshal Joffre, Ambassador Sharp and Paul Painlevé, minister of war.

Prints Interview with General.—François de Jossien, in an interview printed in the Temps quotes Major General Pershing as saying: "I came to Europe to organize the participation of our army in this conflict of free nations against the enemies of liberty and not to deliver speeches at banquets or have them published in the newspapers. Besides that is not my business."

"However, since you offer me an occasion to speak to France I am glad to make you a short and simple confession."

"As a man and as a soldier I am proud of the high mission with which I am charged. But all this is purely personal and consequently might appear out of proportion with the solemnity of the hour and the gravity of events now occurring."

Admires French Soldiers.—"If I have thought it proper to include in this conference it is because I wish to express my admiration for the heroism of the French soldiers and at the same time express my pride in being at the side of the French and allied armies."

"It is much more important, I think, to announce that we are precursors of an army that is firmly resolved to do its part on the continent for the cause the American nation has adopted as its own."

"We come conscious of the historic duty to be accomplished when our flag shows itself upon the battlefields of the old world. It is not my role to promise or to prophesy. Let it suffice to tell you we know what we are doing and what we want."

To Confer With French.—Washington, June 13.—General Pershing in conference with French army heads will determine where the American expedition shall be placed and his recommendations, which practically will be final, will be approved here.

Lands On French Soil.—BOULOGNE, France, June 13.—Major General John J. Pershing accompanied by his staff today put foot on French soil as commander of the American military expedition. British, French, Belgian and Indian officers and soldiers saluted their new allied comrades, the American national anthem was played by a military band and a guard of honor stood at present arms as the ship bearing the American general came into dock.

General Pershing stood on the quarter deck surrounded by 46 American staff officers with 59 military clerks and 67 American enlisted men forming the background.

Brilliant Assemblage On Quay.—On the quay was a brilliant assemblage of French officers and officials.

Standing or clinging to vantage points everywhere about the maritime station and on the landing stage were thousands of soldiers, most of them British, either going, on leave, to England or returning to the trenches.

As the gang plank was let down on the quay "The Star Spangled Banner" was chanted into the stirring strains of the French national anthem, under-secretary of war and General Dumas, commander of the northern district of France, went aboard to extend official greetings. Only a few words were exchanged. General Dumas said:

"We know you have come to see the war right thru and we welcome you in the name of civilization and humanity."

Men Who Greeted Pershing.—Among those who greeted General Pershing were General Pelletier, who will be attached to General Pershing during the war; Col. Daru, military governor of Boulogne and a grandson of the Napoleonic General Daru; the British Admiral; Commandant E. Thousier of Marshal Joffre's staff; Captain Carl Boyd, military attaché of the American embassy; the French admiral and Marquis Pierre de Chambrun, who was a member of the recent French mission to the United States.

There was perfect silence when General Pershing descended the gangway to the pier. Then there came a gigantic roar from the soldiers on

ASKS CONGRESS TO ACT IN PAPER SITUATION

Trade Commission Announces Failure of Its Plan

Wants Congress to Authorize a Government Pooling Scheme to Insure Equitable Distribution of Product and a Fair Profit.

Washington, June 13.—Announcing failure of its plan to relieve the newsprint paper situation and predicting panic prices unless the government steps in, the federal trade commission today asked congress to authorize a government pooling scheme to insure both an equitable distribution of the product to consumers and a fair profit to manufacturers.

Would Create Federal Agency.—Under the new plan all producing plants would be operated on government account and a federal agency would be created to set a fair price and effect fair distribution. The Canadian government would be asked to create a similar agency to act jointly with officials in this country in distributing the Canadian output.

If such a Canadian agency were not created all importations into the United States would be under government supervision.

The recommendation is the outcome of months of investigation by the commission. The distribution plan worked out to restore competition and give relief from high prices, the report says, because there was no authority to enforce its terms and the manufacturers did not abide by it. Only legislation along the lines recommended can avert a very serious rise in prices, it is declared.

The prospect being that the 1917 output will cost consumers \$105,000,000 instead of \$70,000,000 as last year, with half the increase representing additional manufacturers' profits.

Requires Speedy Relief.—The commission's hopes for action on its recommendation at this session of congress as it regards the situation facing publishers as a war emergency requiring speedy relief measures.

The commission also submitted to the senate today a report on book paper which showed that book paper manufacturers have made enormous profits within the last year. The commission, the report announces is considering instituting proceedings against certain practices which exist in the industry.

Book paper prices the report shows, rose in 1916 as high as 84 percent above the prices obtained the year before.

Issues Weekly Shipping Report

LONDON, June 13.—The weekly shipping report issued by the admiralty today states that 22 British merchantmen of more than 1,600 tons were sunk. Ten merchantmen of less than that tonnage also were sunk together with six fishing vessels.

A summary of the report follows: Arminals, 2,767.

Sailings, 2,823.

British merchant ships over 1,600 tons sunk by mine or submarine, including one previously, 22.

Under 1,600 tons, including one previously reported, 10.

British merchant unsuccessfully attacked including seven previously reported, 23.

British fishing vessels sunk, 6.

ATLANTA ENTERTAINS ITALIAN MISSION

ATLANTA, Ga., June 13.—Members of the Italian war mission were entertained for four hours by Atlanta today on the first stop of their tour of the country. City officials met them at the railroad station and acted as their hosts during their stay which embraced troops reviewed at Fort McPherson and a luncheon tendered by the chamber of commerce. The commissioners motored to the fort soon after their arrival and were received with a salute of 19 guns. Colonel Charles R. Noyes, commandant of the post, held an informal reception for the visitors and afterwards there was a special drill by the seventh infantry and the 200 men in the Fort McPherson officers training camp.

Warns Members Not To Exceed Maximum

CHICAGO, June 13.—Directors of the Board of Trade today adopted a resolution warning members not to make contracts at a higher price than the maximum established by the board. The resolution follows:

Resolved, That in all cases where the Board of Directors have established a maximum price members shall not be permitted in any circumstances to enter into contracts in the open market at a higher price than the maximum thus established; and no settlement of defaulted contracts will be sanctioned, permitted or recognized at a higher price than the maximum price thus established.

"Any member entering into contracts in violation of the foregoing shall be deemed guilty of a grave offense against the good name of the association."

CALL TWO WITNESSES IN ANTI-TRUST SUIT

PHILADELPHIA, June 13.—Only two witnesses were called today in the \$500,000 anti-trust suit of the Baltimore Federal League club against organized baseball as represented by the American and National Leagues and the National Baseball Commission, August Hermann, the chairman of the national commission occupying the stand the greater part of the day. Edward Hanlon, owner of the site of the Baltimore Club ball park was the other witness.

LONDON AIR RAID COSTS 97 LIVES

Casualties Officially Announced at a Late Hour Include 437 Injured

ATTACK OTHER PLACES

Many Bombs Fall in East Side Where Buildings are Destroyed—Others Damaged

BRING ONE PLANE DOWN

LONDON, June 13.—In a swift and deadly raid on the City of London today German airplanes took a heavy toll in killed and wounded other places were attacked but so far as is known at present by far the heaviest losses occurred in London.

At a late hour tonight the casualties as officially announced number 534, including 97 killed and 437 injured. Fifty five men met death and 223 men were wounded. Sixteen women and 26 children were killed and 132 women and 94 children were wounded.

Fifteen German Machines.—The German squadron consisted of about fifteen machines and the downtown section of London was their chief objective. Many bombs fell in the east end where buildings were destroyed and others badly damaged and scores of persons fell victims to the explosions. British airplanes ascended immediately the signal was given that hostile machines were coming, but the Germans remained at a great height and flew swiftly and evidently the British fighters had difficulty in the pursuit for the loss of only one German machine has been recorded. Others are reported to have been brought down, but there is no official confirmation of this.

East End Hardest Hit.—The east end of London which was the hardest hit by the raiders, is comparable to New York's east side, for here live the poor of the city in a much congested area. Much material damage was done in this heavily bombed part of London and many dwellers in it were killed or wounded. The total number of these is not yet known, but one hospital alone had received forty cases up to two o'clock and others were arriving steadily, numbers of the injured being sent here from other hospitals which lacked facilities to handle their cases. Three patients, including a little boy, died at this institution and others are in a serious condition. Another hospital for children was caring for six wounded babies and another had already died there. Nearly all of these injured persons were residents of the east side.

A squad of at least five airplanes appeared over the east end district, although it is impossible to say whether one or more of them was not British. The British aircraft were pursuing the Germans and all were flying at a great height.

Traffic Stops Instantly.—Three hostile airplanes appeared over the busiest part of the downtown section of London at 11:30 this morning and worked a rapid transformation in the busy streets. The sound of the explosion of bombs in the east end and of anti-aircraft guns gave the public warning of danger. Traffic stopped instantly. Omnibus drivers ordered all passengers to alight and buses, taxis, wagons and lorries were left stranded in the streets until the danger was past. Shopkeepers and their patrons, barbers and their customers, bankers and lawyers and their clients promptly adjourned their business and hurried to such places of safety as the mental state of each particular person demanded. From the roof of the Associated Press office the airplanes could be distinctly seen at a height of at least two miles in the triangular formation which is a familiar sight to anyone who has visited the western front.

The three were so high that they appeared like three shiny flakes of snow against the sky. The anti-aircraft gunners were doing fairly creditable work in this their first battle practice in many months. The raiders apparently were a little too high for the guns which, nevertheless, were useful in forcing the enemy to keep at an altitude where it was impossible to locate any objectives.

Visit Occupies Five Minutes.—The flaky smoke from 30 or 40 shrapnel bursts, sent in repeated salvos from a dozen or more guns, hung long minutes in the sky outlining the three visitors in a frame of white puffs. It was plain to see that the snarling bursts were too close to the visitors for their comfort, calling forth a frantic series of machine gun signals from the squadron leader, directing his brood to retreat quickly. The squadron's route over London as viewed from below was like a great hairpin, straight arrow flight into the city, then a wide curve and a straight arrow flight out again. The whole visit of the trio

Head of U. S. Mission Now In Russian Capital

ELIHU ROOT

PETROGRAD, June 13.—The American mission, headed by Elihu Root, has arrived here.

CHARGE LUMBERMEN WITH CONSPIRACY

Federal Trade Commission Issues Formal Complaints

Alleges 116 Middle Western Concerns Conspired to Suppress Competition—Orders Lumbermen to Appear July 31 to Answer Charges

Washington, June 13.—Charges of conspiracy to suppress competition were preferred against 116 middle western lumber concerns by the federal trade commission today in formal complaints issued after a long investigation. The lumbermen were ordered to appear July 31 to answer the charges.

Mail Order Men Caused Probe.—The investigation was started on evidence furnished by mail order houses, competitors of the defendants, who charged that the lumbermen have adopted unlawful means to put them out of business.

Complaints were issued also against Platt B. Walker, who, the commission charges as editor of the Mississippi Lumberman, added the lumbermen and against Luke W. Boyce, who operates at Minneapolis the Northern Information Bureau, a detective agency.

The purpose of the lumbermen as alleged has been to force the consumer to buy from them. To accomplish this, the complaints charge the lumbermen used Walker's periodical and Boyce's agency in an illegal manner.

Platt Walker, the complaints charge, incited the lumbermen to send to the mail order houses bogus requests for price estimates on lumber and thereby greatly embarrassed the mail concerns. The requests were sent, it is charged also to draw from the mail houses information of value to the lumbermen.

The further charge is made that Walker and the lumber concerns intimidated manufacturers who sold to the mail order houses and forced banks and credit rating houses to refuse information to the mail houses.

Charges Buying of Information.—Walker and Boyce are accused of purchasing confidential information from employees of the mail order houses and Boyce's agents of intimidating their salesmen.

The lumber concerns against which the complaints are preferred are scattered thru half a dozen states in the middle west and most of them are known as line companies, operating from one to one hundred small retail yards, each along railroad lines. Many of them are among the largest dealers in the country. Their sales have been in direct competition with mail order houses which serve for the most part small towns and villages.

SAYS INDEMNITY FOR GERMANY A NECESSITY

COPENHAGEN, June 13.—via London.—In a speech in the upper chamber of the Baden Landtag, Dr. J. Rheinboldt, finance minister of the grand duchy said, a war indemnity for Germany was a necessity according to a telegram received here from Karlsruhe. In his opinion an indemnity was required to help Germany out of the financial difficulties resulting from enormous war expenditures which would exceed 100,000,000,000 marks.

RUSSIAN WAR MISSION LANDS AT PACIFIC PORT

Party to Proceed to Washington from Seattle

Mission Makes Quick and Easy Trip Across the Pacific—Consists of About Forty Members—Will Re-Met At Chicago by Breckinridge Long

Washington, June 13.—The Russian mission to the United States headed by Boris A. Bakhtietoff as special ambassador has landed at a Pacific port. The party consisting of about forty members will stop first at Seattle, Wash., and proceed at once to Washington.

The mission passed through Yokohama about eleven days ago and consequently made a quick and easy trip. Baron Ungren, one of the secretaries of the Russian embassy here, met the party and will escort it across the continent to Washington. In Chicago Breckinridge Long, third assistant secretary of state, will join the mission as the representative of President Wilson and the department of state. Such courtesies as were extended to the visiting British, French and Italian missions will be extended to Ambassador Bakhtietoff and his party.

With his personal staff Mr. Bakhtietoff will be the guest of the nation and the larger body of special experts and attaches will be quartered in one of the hotels here.

The head of the Russian mission comes to Washington in a double capacity, first as the head of the extraordinary embassy sent by the provisional government to extend to the United States government its thanks for entry into the war on the side of the patriotic allies and to arrange for material assistance from this country, and second, as ambassador resident, until such time as the provisional government can make a permanent appointment.

PROPOSE PROHIBITIVE TAXATION ON OIL

WASHINGTON, June 13.—Publication of the new Mexican oil taxation decree has disclosed that, by the expedient of placing an enormous value on the crude product, the Mexican government proposes practically prohibitive taxation upon exports from the great east coast oil fields which the allied fleets have depended for fuel. German agents are charged with responsibility for the scheme. It was learned today that American owners of Mexican oil properties have brought the matter to the attention of the government with an urgent request that representations be made to Carranza for modification of the decree.

The tax rate on crude oil is fixed at 10 percent ad valorem on a valuation of \$9.50 a ton. In the Panuco fields or about twice the present selling price.

FILE INCORPORATION PAPERS

Springfield, Ill., June 13.—Incorporation papers were filed here today by the Nishwander Manufacturing company. The company will manufacture demountable rims.

IOWA MASONS ELECT

Waterloo, Ia., June 13.—John W. Barry of Cedar Rapids, was elected Grand Master of the Masonic Grand Lodge of Iowa at the annual communication here today.

ANNOUNCE LOAN IS APPARENTLY SHORT

Officials Base Announcement On Actual Returns

Thousands of Banks and Trust Companies Have Not Been Heard From Since the Loan Was First Offered—Expect Tremendous Eleventh Hour Drive

Washington, June 13.—Treasury officials announced today that the liberty loan apparently was short \$342,000,000 of full subscription Tuesday night two and one-half days before the closing of the books.

Announcement was based on actual returns forwarded by banks and trust companies to the twelve reserve banks accompanied by the two percent of subscriptions required. Thousands of banks and trust companies have not been heard from since the loan was first offered, except for statements that they were working to make the issue a success.

A tremendous eleventh hour drive officials hope will bring the final count at dollars well beyond the \$2,000,000,000 mark. The returns from the reserve banks at the close of business last night show that total actual subscription \$1,658,000,000. New York is the only district which has returned subscriptions higher than its minimum allotment. Not only has New York succeeded the minimum but it has topped the maximum of \$750,000,000 by \$8,000,000.

Here is the apparent shortage in each reserve district based on the latest returns and the minimum allotments:

Boston—\$72,000,000 or 33 percent.

Philadelphia—\$57,000,000 or more than 40 percent.

Richmond—\$25,000,000 or more than 30 percent.

Atlanta—\$32,000,000 or more than 53 percent.

Chicago—\$76,000,000 or more than 29 percent.

Cleveland—\$27,000,000 or 15 percent.

St. Louis—\$32,000,000 or more than 40 percent.

Minneapolis—\$30,000,000 or 37 1-2 percent.

Kansas City—\$42,000,000 or 42 percent.

Dallas—\$11,000,000 or more than 27 percent.

San Francisco—\$88,000,000 or nearly 63 percent.

Analysis of these figures discloses that outside of New York the country apparently had failed up to last night by exactly \$300,000,000 to take its minimum allotment of \$1,400,000,000 of the bonds the other \$600,000,000 minimum being allotted to New York. Thus while the New York district has oversubscribed its minimum allotment by approximately 25 percent the rest of the country as a whole apparently has fallen 36 percent under its minimum.

LINER ANGLIAN SUNK; FIVE MEN ARE MISSING

BOSTON, June 13.—The Leyland liner Anglian, which left Boston May 30 for Liverpool, has been torpedoed and sunk by a German submarine, according to cable advices received by agents here today.

The advices stated that the crew had been saved. On her last voyage from Boston she was commanded by Captain Lawrensen and carried a general cargo. Ship and cargo were valued at \$2,000,000.

The Anglian, formerly the Megantic, was a British steamer of 5,532 tons gross and was built at Glasgow in 1896.

A cablegram received here later today stated that five men from the Anglian were missing. There were two Americans in the crew.

SENATE LEADERS SMOOTH OUT DIFFERENCES

WASHINGTON, June 13.—Differences delaying passage of the administration's priority shipment bill were smoothed out by senate leaders in conference late today and an agreement was tentatively reached to change the measure so as to empower the president only to direct shipment of military forces and supplies with authority to the interstate commerce commission to determine preferences for foodstuffs and other shipments.

It also was agreed to eliminate the clause providing for compensation of carriers for injury or damages incurred in carrying out priority shipment orders.

NEW YORK WOMEN RUSH TO REGISTER

NEW YORK, June 13.—The women of New York under 30 years of age are making the registration booths in the large department stores look like bargain counters by their rush to enroll in the state military census while on shopping trips. Stores authorized to register their customers report that they are swamped with the rush of women. One reason for this, the census takers say, is the disinclination of women to register near their own homes due to a belief that the information they give would become the subject of neighborhood gossip. More than one woman has said frankly that she did not wish to give her age.

Registration fell off in this city yesterday. It is estimated that between 250,000 and 300,000 persons had enrolled during the day.

OVERSUBSCRIBES QUOTA

Portland, Ore., June 13.—Oregon has oversubscribed her quota of the liberty bond issue by \$1,500,000, the total subscriptions thruout the state having passed the \$10,000,000 mark today.

U. S. NOTE TO CHINA BRINGS CRITICISM

Japan Regards Action as Ignoring Her Special Position in China

NOTE CAUSES SURPRISE

Washington States Criticism Was Based on Distorted Version of Document

WANT NOTE PUBLISHED

TOKIO, June 9.—(Delayed).—The American government's note to China expressing regret over the discussion in that country and a sincere desire that tranquility and political co-ordination should be forthwith established caused surprise and unfavorable criticism in Japan where the action is regarded as ignoring Japan's special position in China. The feeling as expressed in official circles is that the situation would have been better treated by first exchanging views with the entente and especially Japan which is described as rigidly adhering to a policy of non-interference in Chinese domestic affairs.

The newspapers call the action of the United States glaring interference and warns the government that it is probably an epoch making precursor for further activities.

Officials here expressed the opinion that the Chinese situation will be settled by a compromise.

Based on Distorted Version.—Washington, June 13.—Unfavorable criticism in Japan of the American note to China was based upon a distorted version of the document appearing in the Tokyo Asahi, a leading newspaper of the Japanese capital and purporting to have been cabled from New York.

As the United States had not communicated the official text to the Tokyo foreign office, this version, apparently intentionally misquoted to convey the impression that the American government was seeking to interfere unduly in China's internal affairs, was commented upon as genuine.

The situation was brought to the attention of the state department several days ago and steps were taken at once to see that the text of the note as given out at Peking was published in Japan. It is not known here how this was received. Officials cannot account for the item in Asahi.

This is not the first case of misrepresentation of the government's foreign policy in an apparent effort to cause trouble.

TAKES UP PROBABILITY OF WAR LASTING A YEAR

COPENHAGEN, June 13, via London.—An inspired despatch to the Cologne Gazette transmitted here discusses the probability that the war will last another year "as neither France nor Great Britain, relying upon assistance from America, is ready to conclude peace."

France, says the despatch, must be hit much harder before she is ready to see things in the right light and direct her policy accordingly, while the very submarine campaign is the motive for Great Britain continuing in war, as it is felt that Great Britain's world position is threatened so long as no counter weapon or method of meeting the submarine warfare is discovered.

HOUSE PASSES BILL TO PROMOTE EXPORT TRADE

WASHINGTON, June 13.—The administration bill to promote export trade by legalizing joint selling agencies of American exporters was passed today by the house, 240 to 29. It now goes to the senate.

The measure is designed to remove the doubts in the minds of American exporters as to the construction that should be placed upon existing anti-trust laws as applied to organizations engaged in export trade.

DES MOINES WINDS UP CAMPAIGN

Des Moines, Ia., June 13.—Des Moines wound up its liberty loan campaign late today with subscriptions totalling \$4,006,150, or about \$40 per capita. The allotment for this city was \$2,000,000.

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Fair Thursday, Friday and Saturday, somewhat warmer by Friday and in extreme south portion Thursday.

Temperatures.—The current maximum and minimum temperatures as recorded for Wednesday were:

Jacksonville	61	78	65
Boston	68	74	52
Buffalo	76	78	66

WAVERY C. E. SOCIETIES
WIN EFFICIENCY BANNER
The young peoples' societies of
Christian Endeavor have done the
best work of any in the Jacksonville
district, during the year just past,
according to comparisons made at
the convention which was closed
Tuesday at Beardsdown. Waverly
won the banner offered for the most
efficient endeavor activity during the
year.
The place of holding the next
convention will be decided at a later
time. Officers were re-elected as
follows:
President—Rev. George Williams,
Beardsdown.
Secretary—Vincent Vieira, Jack-
sonville.
Treasurer—Mrs. A. L. Hager,
Beardsdown.
The county presidents are: Cass,
Miss Sudbrink, Virginia; Scott, Guy
Paul, Winchester; Greene, Rev. Mr.
Todd, Carrollton; Morgan, L. Bate-
man, Waverly; Calhoun, Miss Rose,
Kampsville.
A registration fee of twenty-five
cents will be assessed delegates to
the convention next year. From the
reports made from the several towns
it was seen that Jacksonville is the
only place possessing an intermedi-
ate society, that of Central Christian
church.
Misses Mayme Allison and Martha
Priest represented the Y. P. S. C. E.
of Central Christian church. Miss
Lorine Baptist was present from
Northminster society.
PASSAVANT GRADUATION
Mention has already been made of
the graduation exercises of Passa-
vant Memorial hospital training
school. The program will begin at
8 o'clock in the hospital chapel. Di-
plomats will be given a class of sev-
en.
Mrs. George Moore of East State
street has returned from Kansas
City, where she was a guest at the
home of Mr. and Mrs. Frank Poraw-
ski and attended the dedication of
the splendid new hospital there,
with which Mr. Porowski is identi-
fied.

**LABOR FAVORS
FOOD REGULATION**
It begins to look more and more
as if there will be some sort of food
regulation in this country before
many weeks elapse. Samuel Gompers
and organized labor bodies are
using their influence with the presi-
dent and congress to bring this to
pass. Their influence is unquestion-
ed and coupled with the demand
from other quarters will go a long
way in bringing about the much
talked of control. The labor argu-
ment is based upon the fact that
the wage earner's dollar now buys so
much less of necessities than was
true even a year ago. There is a
big question about the propriety of
government fixing of prices, but cer-
tainly the average wage earner is
going to face some serious living
problems during the year if prices of
necessities continue to climb.

**THE MESSAGES
TO RUSSIA.**
If Russia's continuance in the war
depends upon an understanding of
the purposes of the U. S. and Eng-
land the statements by President
Wilson and the British government
should prove satisfying. The presi-
dent's statement, outlining what
the U. S. sees to be the result of the
struggle, has attracted as much at-
tention as any war document previ-
ously issued by the president. No
man with unprejudiced mind can
read that message and not realize
the unselfish purposes of the U. S.
The British message to Russia is
just as lofty and gives new assur-
ance that this on the part of the
allies is not a war of conquest. Eng-
land gives further evidence of its
sincerity by offering to go over all
agreements among the allies and to
have them conform in every way to
the assurance just given to the Rus-
sian government. The allied nations
have nothing in their purposes to
conceal.

**SOCIAL AFFAIRS IN
WAR TIMES**
Lord Northcliffe has given indica-
tion of his appreciation of the ser-
vice business he has in hand in re-
presenting the British government
here on a special mission, by declin-
ing social invitations. It goes with-
out saying that Gen. Pershing would
have been much happier had he been
in position to put a ban upon social
activities in his honor in London.
One can hardly conceive the Amer-
ican general, hardened by service on
the Mexican frontier, as willingly
fitting in with any drawing room or
reception activities. What Gen.
Pershing wants, if he is judged by
his army record, is to get at the
real fighting just as quickly as pos-
sible. It is not recorded that the
general is making any eloquent
speeches, but he is letting the Eng-
lish and French people know that
he and his associates are just the
advance representatives of the fight-
ing forces that are to follow.

**THE BOND SPIRIT
HERE AND ELSEWHERE**
The Journal received yesterday a
communication from William R.
Compton of St. Louis, chairman of
the liberty loan organization central
committee of the eighth federal re-
serve district, outlining an editorial
urging upon the people of this coun-
try that patriotic duty demands lib-
eral subscriptions to the liberty
bonds. "Shall our enemies say we
are not behind our government?"
said Mr. Compton's communication,
and continued, "Shall we disgrace
our government and our beloved
sons, who are ready and willing to
sacrifice their lives for the protec-
tion of our homes? Will you run
the risk of a foreign invader ex-
acting a war indemnity equal to half
the value of your property because
you are not willing to buy a liberty
bond?" And then the communica-
tion went on to say, "We suggest
that every bell on churches, school
houses and court houses be rung
hourly, a peal of liberty to awaken
every citizen to his full sense of
duty."
Mr. Compton's letter was needed
for most communities but it was not
necessary to print it here because
Jacksonville and Morgan county
bankers have taken care of more
than the county's allotment of
bonds. It needed no special ring-
ing of bells to arouse the patriotic lib-
erty bond spirit here. No doubt
every other county and community
will do its full share. Here we sim-
ply arrived two or three days be-
fore the time limit.

**PATRIOTISM THE RULING
PASSION IN ILLINOIS COLLEGE**
There is much in the annual re-
port of President Rammelkamp in
which the college officials and citi-
zens of Jacksonville may well feel
pride. It is a matter for commenda-
tion that the college has closed the
year with a balance on the right
side of the ledger, a difficult task
for a college at any time, especially
this year when the expenses of op-
eration have been so largely increased.
The attendance figures furnish an-
other source of satisfaction, showing
as they do how the influence of the
college has been extended from year
to year.
And of particular present day
concern are the paragraphs in the
president's statement which indicate
so clearly that patriotism is the rul-
ing spirit at this honored institution.

The college authorities were among
the first in the country to recognize
the need for co-operative effort on
the part of colleges with the govern-
ment in fostering a patriotic spirit
and encouraging preparedness. The
college here very early placed its
plant at the disposal of the govern-
ment.
Such rules were adopted that the
duty of students to come to the aid
of their country in this time of
need was specifically impressed.
Due credit was given those students
who turned to enlistment in the
army or navy or to work on the
farm as offering the best avenue for
doing their bit. The list of names
of those who are helping in the time
of stress furnishes the best evidence
how strong the patriotic idea has
taken hold upon the college. "The
college and its relation to the war"
this year furnishes a very important
part of the president's statement and
the paragraphs add to the good
name and standing of the institu-
tion.
There is also interest in the an-
nouncement that David W. Frackelton
of Cleveland has been added to the
board of trustees. Mr. Frackelton
has achieved business success in a
large way since he left the college in
1894 and will bring to the board
the experience and vision of an es-
pecially strong man.

**BANKS OVERSUBSCRIBE
LIBERTY BOND ASSIGNMENT**

Without the blare of trumpets or
the ringing of bells Morgan county
bankers have taken care of the lib-
erty loan bonds assigned to this
county by the U. S. treasury depart-
ment. Yes, they have more than
taken care of the allotment, for the
government assigned \$456,165.33 to
this county and the total bank sub-
scriptions to the loan are \$460,000.
This means that Morgan county
bankers have more than done their
patriotic part and have oversubscribed
the allotment in the sum of \$3,834.67.

This condition of affairs is one
highly creditable to the financial in-
stitutions of the county—a condition
in which all citizens can find satis-
faction. In the great majority of
communities in the U. S. a great
deal of work remains to be done be-
tween the present time and Friday
noon if the different amounts allot-
ed by the government are cared for.
The plans of the local bankers dif-
fered somewhat from those adopted
in other communities. With very
little publicity the bankers held a
series of conferences and then
agreed upon the portion of the
bonds which each bank should as-
sume. No effort had been made to
secure individual purchasers of
these bonds but instead the banks
taking them are now letting their
customers know the bonds are avail-
able and will be turned over to cus-
tomers just as the latter desire.
It is a further cause of satisfac-
tion that the transaction will be so
handled by the banks in that the
county will not be drained of re-
sources in a way detrimental to the
farming community. The plan to
be followed is such that it is ex-
pected to stimulate local business
conditions rather than to disturb
them.

Jacksonville and Morgan county
are fortunate in the matter of banks
and bankers, and in the present in-
stance the government has been
given definite assurance of the pa-
triotic spirit which dominates the
leading financial men of the com-
munity.

THE BIRTH OF OUR FLAG
A woman saw those gems that shine
Upon the crown of love,
And in a vision drew design
To rival those above.

She made a field of azure pure,
To cheer the hearts of men,
And wove in olden style secure,
The stars just three and ten.

And next she caught the glowing
Light
And rosy streaks of dawn,
Then took her field so starry bright
And pinned those stripes on.

But thirteen stars and stripes had
she,
When last her work was done,
And o'er the land of brave and free,
She flung them in the sun.

That golden orb gave them its rays,
The breezes bore them forth,
And that is how in olden days
"Old Glory" had its birth.

—S. A. Hughes.

Rippling Rhymes
By WALT MASON

Allies
Since war against our name is
written, I'm mighty glad we have
the chance to aid and comfort brave
old Britain and lend a hand to dour
less France. For long I thanked the
gods above us that we had peace—
strife I abhor—and railed at men
who tried to shove us into the noi-
some reek of war. But sometimes,
in the stillly gloaming, when I sat
by my figtree's trunk, all pensively
my handgloves coming, I thought
our peace was rather poor. For
principles we all should cherish
allied nations gave their best, and
while they slew their children per-
ished, we gloated o'er our treasure
chest. Our starchy banner flies for
freedom—that's always been our
pride and boast; when tyrants came
along we treed 'em, and soaked
them where it hurt the most. Yet
tyranny was rank and raging, these
later years, and still we dreamed
the worst of tyrants war was wag-
ing; our eagle rather cooed than
screamed. And then we started
from our slumbers, we saw the prop-
er course at last, and patriots in
joyous numbers, have nailed our col-
ors to the mast. And I, who hate
all strife and quarrel, now swing
the sword and make it hiss; for peace
is vicious and immoral in such a
crucial time as this.

**CAMPAIGN FOR RED CROSS
SOON TO BEGIN HERE**

Morgan County Must Assist in Se-
curing Great Fund to Care for
Soldiers Wounded on War Front
—Membership in Great Relief
Organization is But \$1 Per Year

At no distant day the Red Cross
chapter of Morgan county will begin
an earnest campaign for members.
It is deemed necessary that the Am-
erican Red Cross shall have a hun-
dred million dollars in its relief
fund. The campaign here will be
for the purpose of acquainting the
public with the work of the Red
Cross and in securing a large mem-
bership. Literally thousands of
persons in Morgan county can be
found who will be more than glad
to pay \$1 a year for membership in
this great patriotic organization,
which has been termed "The little
mother" to the soldiers. Under the
Red Cross plan one half of the
money paid in here will be sent to
the national organization and one
half will be kept for any local re-
lief work that may be necessary.

Roosevelt and the Red Cross
The Red Cross work appeals to
every man, woman and child who
loves his country. Explaining his
attitude toward the Red Cross Col-
onel Roosevelt recently said:

"The prime need, of course, is to
put great masses of fighting men on
the firing line at the earliest possi-
ble moment, and we have got to
take care of them.

"Not only must we take care of
our own men, but of the men who
are fighting our battles in England,
France, Belgium, Serbia, Italy, Rus-
sia and Rumania. At last this na-
tion has realized that they're fighting
for us, and as yet we have not
been fighting for ourselves. We are
not fighting at all, but let us, thru
the Red Cross, prepare so that no
needless suffering shall come to our
own men, and also relieve as far as
we can the sufferings of our allies."

Schram's auction closing out
sale begins this afternoon at
2:30 o'clock.

SOCIAL EVENTS

**Entertained
Gleaner's Class.**
The Gleaner's Sunday school class
of Ebenezer church was entertained
Wednesday afternoon at the home of
Miss Grace Patterson north of the
city. It was the regular meeting of
the class and about 18 members
were present. The afternoon was
pleasantly passed with games and
music and the hostess served dainty
refreshments.

BIRTH RECORD

Miss Kate DeHaven of the force
at the store of F. J. Waddell & Co.,
has received word of the arrival of a
son, McKeever, at the home of her
nephew and niece, Mr. and Mrs. C.
F. Massey of Kansas City. Mrs. Mas-
sey was formerly Miss Alice Good-
rick of this city. The young son and
heir is named for the father of Miss
DeHaven whose name was McKeever
DeHaven.

ROBUR ELECTS TWO ALUMNI
John Mitchell and Russell Dean
were the members of the Illinois
graduating class elected to member-
ship in Robur fraternity this year
and the initiatory ceremonies, as us-
ual, were replete with rites strange
and mysterious.

The members of Robur enjoyed
the annual breakfast Wednesday
morning at the Dunlap hotel and
elected the following officers:
Rex Silvae—U. W. Wright.
Principes Silvae—Ralph I. Dunlap.
Custus Glandium—Carl E. Robin-
son.
Custus Foliorum—A. D. Fair-
bank.
Pontifex Maximus—E. B. Hamil-
ton.

TRACY ALEXANDER INJURED

A letter received yesterday by W.
L. Alexander told of a recent ser-
ious accident suffered by Tracy Alex-
ander. The former Jacksonville
young man is now serving with a
Chicago cavalry troop and while at
drill last Sunday was thrown from
his horse and suffered serious in-
juries. One arm was broken, the
other very seriously bruised, a gash
was cut in one leg and there were
injuries about the throat. It seems
that the horse in some way fell on
the rider and the injuries noted.
The many Jacksonville friends of
this young soldier will sincerely
hope for a speedy recovery.

**WILL LAY CHURCH
CORNERSTONE AT WAVERY**

The cornerstone of the new Meth-
odist church at Waverly will be laid
next Sunday afternoon at 3 o'clock.
Members of the church and their
friends are looking forward to the
event with great interest. Dr. F. A.
McCarty of this city will deliver the
principal address. The church plans
for an edifice which will be a credit
to the Waverly community.

FLAG DAY PROGRAM

The Flag Day exercises arranged
by the local lodge of Elks at the
First Baptist church tonight will be
of great public interest. Rev. M. L.
Pontius will give an address. There
will be special readings by Miss
Millicent Rowe and Miss Janette
Powell. Musical numbers will not
be lacking. The service is for the
general public.

THIS DATE IN HISTORY

June 14, 1848—Mr. James Vincent,
of Galesburg, Illinois, states in a
letter to the editor of the National
Era that he has "a copy of the Bible
printed in Old English Black
letter by John Tindale, A. D.
1549," that is just three hundred
years ago. It is believed that it
is the only copy of it extant in the
United States. Mr. Vincent
brought it from England and is
willing to sell it for \$200.00.

**Fifty Years of Safe,
Conservative Banking**

The half century during which this bank has
served its customers and the community has wit-
nessed periods of great financial and business
prosperity, as well as depression, including the
financial cataclysms of 1873, 1893, and 1907.

In the conduct of this bank the safety and
protection of its depositors, customers and stock-
holders has always been the first consideration
of the management.

For about thirty-six years this institution has
been under one and the same management. A
wide experience in important financial affairs
and investments insures to depositors every
safeguard for moneys entrusted to its care.

With ample capital and responsibility and
this record, your business is invited; and ac-
counts of corporations, firms and individuals
are solicited.

**WAR BUDGET BILL
GOES TO PRESIDENT**

Measure Appropriates an Amount
Greater Than the Total Cost of the
Civil War.

Washington, June 13.—The three
billion dollar war budget finally got
over the last obstacle in congress to-
day and went to President Wilson
for his signature. The bill appropri-
ates the greatest sum ever voted
at one time by any legislative body.
Its amount is greater than the total
cost of the Civil War.

The budget provides principally
for army and navy expenditures. Aside
from that feature its most sin-
gle feature is an appropriation of \$756,-
000,000 for an American merchant
marine to be constructed by the ship-
ping board under the direction of
Major General Goethals.

At the last moment there was a
question in the senate over whether
the language which placed General
Goethals in charge of the work had
been sufficiently definite so he could
not be forced out of office without
consulting congress. It was explained
that altho the house had changed
the senate's language in that regard
it was satisfactory to General Goeth-
als.

Schram's auction closing out
sale begins this afternoon at
2:30 o'clock.

HAS POSITION IN CHICAGO

John Furry, son of Mr. and Mrs.
H. A. Furry of West Lafayette ave-
nue, has gone to Chicago to take a
position in the erection department
of the Western Electric company.
The position is a good one which of-
fers abundant opportunity for ad-
vancement.

NAME IRWIN REPORTER

Springfield, Ill., June 13.—Samuel
F. Irwin today was appointed by the
supreme court as court reporter for
the six years ensuing. He has just
finished a term of similar duration.

**PASSENGER RATE
CONTROVERSY IN DOUBT**

SPRINGFIELD, Ill., June 13.—
Adjustment of the controversy be-
tween the Illinois state public util-
ities commission and the interstate
commerce commission over the right
of railroads to raise passenger rates
from 2 cents a mile to 2.4 cents in
Illinois is still in doubt, Attorney
General Brundage said today after
receiving a preliminary report from
his assistants who are in conference
with the federal body at Washing-
ton.

A peaceful settlement is regarded
as possible but there is some doubt
of it, Mr. Brundage said. "We are
for peace," he added, "but will in-
sist on the observance of the Illinois
two cent law if relief can not be
obtained from the interstate com-
merce commission."
The federal body has held the 2.4
cent rate equitable, and practically
all Illinois roads have increased their
intra-state passenger fares in accord-
ance.

**ACTING PREMIER OF
CHINA SIGNS MANDATE**

PEKING, China, June 13.—The
presidential mandate dissolving par-
liament has been signed by Chiang
Chao Chug as acting premier, he
having accepted the post Dr. Wu
Ting Fang, former ambassador to the
United States, resigned.

It is feared the dissolution of the
parliament will bring on civil war
as the leaders of the southern pro-
vinces say they no longer recognize
the president's authority despite the
fact that the president has issued a
long mandate attempting to justify
his action in issuing the dissolution
decree.

STORM DAMAGES BUILDINGS

Freeport, Ill., June 13.—A severe
storm struck a short distance east of
this city late last night demolishing
several buildings of the plant of the
Freeport Floral company. It did not
hit Freeport. Lightning caused sev-
eral barn fires.

Special demonstration and sale of Neponset floor covering, Friday and Saturday, June 15 and 16, at Andre & Andre's.

MATRIMONIAL

Mason-Blank

Word has been received of the marriage of Robert Glover Mason to Miss Frances Faye Blank of Ainsworth, Nebraska.

The ceremony was performed by Rev. O. E. Richardson of the Methodist church May 30th at 3:30 a. m. Following the ceremony an elaborate wedding breakfast was served.

Miss Hope Halstead was bridesmaid and Harry Blank, brother of the bride, best man. The bride wore a handsome blue traveling suit. She is the daughter of Mr. and Mrs. J. H. Blank of Ainsworth. She is a charming young lady and has many warm friends and has taught school very successfully several years.

The groom is the eldest son of the late Oliver Mason of this city and was born in Jacksonville and lived here until he was about 17 years of age, when he joined the navy as an electrician. At present he holds a responsible position with the Commonwealth Edison Co. of Chicago.

After a wedding trip south Mr. and Mrs. Mason will be at home to their friends at 864 Oakwood Blvd., Chicago.

Williamson-Cook

Relatives here have received word of the marriage of Glenn Williamson, formerly of this city, the announcement cards reading, "Mr. and Mrs. William Cook announce the marriage of their daughter, Adah Ruth, to Mr. Glenn Williamson, Wednesday, June 6, 1917, at Medora, Ill."

The groom is a former student of Jacksonville high school and is well known in this city. He is a son of Mr. and Mrs. Albert Williamson and holds a responsible position with the Pyrie Mercantile Co. of that city. The bride has been engaged in teaching at Medora.

Mr. and Mrs. Williamson will be at home to their friends in Alton.

MORTUARY

Summers.

Mrs. D. T. Summers died at the family home in South Jacksonville Wednesday afternoon at 3 o'clock after an illness of several months.

Deceased was Miss Caroline Elliott and was born west of Jacksonville November 29, 1848, and had resided in the county all her life. She was united in marriage to D. T. Summers March 19, 1866. To this union six children were born, four of whom preceded her in death. Besides her husband the surviving children are, Mrs. H. H. Self of Bowling Green, Mo., and George W. Summers of Springfield, Mass. She also leaves two sisters, Mrs. Mary Sawyer of Antioch and Mrs. Ellen Warner of Augusta, Ill., and one brother, Thomas Elliott of Chapin.

Mrs. Summers was a member of the Christian church and was a woman highly regarded by a large circle of friends. Funeral services will be held from the residence in South Jacksonville Friday afternoon at 2:30 o'clock in charge of the Rev. M. L. Pontius, pastor of Central Christian church with burial in Diamond Grove cemetery.

RATLIFF WILL UPHOLD

The trial of Brown vs. Brown occupied the entire time of the circuit court Wednesday. This was a suit involving the validity of the will of the late Mrs. Mary J. Ratliff of the Concord neighborhood. The argument was concluded about 4:30 o'clock and the jury was instructed. A verdict was returned an hour or two later finding in favor of the defendants and thereby declaring the will valid.

ALUMNAE SORORITY MEETS

The Theta Phi Alumnae sorority of Illinois college held the annual meeting Wednesday afternoon at the home of Miss Ruth Bailey, on Jordan street. A brief business meeting was followed by a pleasant social hour.

Bell, 777

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One

PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
30 x 3½	\$2.25	\$4.00	35 x 4	\$3.25	\$6.25
30 x 3½	2.50	4.25	36 x 4	3.50	6.50
31 x 3½	2.50	4.50	34 x 4½	3.50	6.50
32 x 3½	2.75	4.75	35 x 4½	3.75	7.00
34 x 3½	3.00	5.25	36 x 4½	3.75	7.50
32 x 4	3.00	5.50	37 x 4½	4.00	7.50
33 x 4	3.00	5.50	37 x 5	4.00	8.00
34 x 4	3.25	6.00			

Where a tire is blown out an additional charge of 50 cents is made. Patches necessary in a tire, an added charge of 35 cents for each 10 inch patch.

Tires sent to me should be prepaid as I pay no transportation charges either way.

Carl G. Wiesenmeyer

WAR NEWS SUMMARIZED

The greatest air raid in point of casualties yet made over England by German aircraft; the arrival in France of Major General John J. Pershing, who is to command the American forces on the continent and the simultaneous arrival in the Russian capital and at an American port, respectively, of American and Russian missions which are to discuss matters connected with the prosecution of the war, are the outstanding features of the day's news of the world war.

On none of the war fronts has there been an engagement of noteworthy importance.

Nearly 100 persons were killed and more than 400 injured in a mid-day bomb dropping raid by some 12 to 15 German airplanes over London, particularly the east end, where live the poorer classes of the population. Ten of those killed and fifty of the wounded were children in a school on which bombs fell. A large number of the killed or injured were women and children.

British aviators rose and attacked the invaders and the sound of anti-aircraft guns was everywhere heard in London, but whether the Germans suffered losses has not yet been established. They were flying at a height estimated at two miles when they approached from Essex and flew over the city.

General Pershing and the members of his staff were greeted with enthusiasm when they landed Wednesday at Boulogne. Later the American commander and his party proceeded to Paris. In an address to newspapermen, General Pershing said he felt warranted in saying the United States was in the war to do her share "whatever that share may turn out to be."

The arrival of the American mission headed by Elihu Root in Petrograd doubtless is the forerunner of important happenings with regard to the new Russian government's future activities in the war. The aid of the American government will be given unstintingly in the new regime.

Aside from raiding operations by the British troops in France and the intermittent artillery duels between the Germans and the French in Belgium and in the region of Craonne there has been little activity along the French front.

Minor operations continue in the Austro-Italian theater and Macedonia.

The weekly British report of vessels meeting disaster since the report of May 6, twenty-two of more than 1,600 tons each and ten of less than 1,600 tons each. Two vessels not included in the British report have been sent to the bottom by German submarines, the French steamer Sequana of 5,557 tons, and the British steamer Anglian of 5,532 tons. The crew of the Anglian was saved but 190 persons on board the Sequana perished.

MARINE CORPS CAMPAIGN PROGRESSING FAVORABLY

NEW YORK, June 13.—The campaign to add 4,000 men by Saturday to the United States marine corps is progressing favorably, according to those in charge of the recruiting. As a stimulus a parade in which all branches of the service will be represented will be held in Fifth avenue on Saturday.

SEIZE GERMAN CHURCH BELLS TO MAKE CANNON

COPENHAGEN, June 13.—via London.—Hamburg has just bidden a touching farewell to the noted chimie in two principal churches: St. Nicholas and St. Peters from which the bells have been appropriated under a general order seizing all German church bells to be melted into cannon. Great crowds assembled around the churches and joined in hymns which organists played for the last time on the bells. The chimie are composed of 43 and 50 bells respectively, and will provide about thirty tons of gun metal.

CHARGES CHICAGO JUDGES ARE INDOLENT

SPRINGFIELD, Ill., June 13.—Because, he alleges, judges of the circuit court of Cook county are indolent, S. D. Goldberg today filed a petition in the supreme court to compel the Chicago courts to hold sessions in July and August.

Goldberg declares a case in which he is interested has been pending since August, 1916, and that there are 10,000 plaintiffs and a like number of defendants waiting on the court. He says the court holds sessions only four and five hours a day, five days a week, and adjourns during July and August.

WORK OUT PROGRAM OF AIRCRAFT PRODUCTION

Plan of Aircraft Production Board of Defense Council Will Be Submitted To Congress Soon.

Washington, June 13.—A program of all aircraft production thru which it is hoped to dominate the fighting lines of Europe within a year, has been worked out by the aircraft production board of the defense council and will be submitted to congress soon with a request for a large appropriation to carry it into effect.

Howard Coffin, chairman of the board said tonight that although details would not be revealed now the plan was so comprehensive he was sure congress would approve it quickly. For weeks Mr. Coffin has been in conference with the country's leading aircraft and material makers and the plan he will submit is believed to have the approval of all interests which will do the actual construction work.

"We may as well realize now," said Mr. Coffin in a formal statement, "that the domination of the air will, in all probability, prove the deciding factor of the war. Military authorities of all the allied nations are agreed that unless the allies can obtain a preponderance of aircraft, the war probably will drag on for years."

"We believe we have worked out a program which will make it possible for the United States to secure to the allies next year the permanent supremacy of the air, and with that we hope to become an immediate deciding factor in ending the war."

"Whether this program can be carried out will rest with congress."

REPORT U. S. SHIP SUNK SUBMARINE

AT AN ATLANTIC PORT, June 13.—Destruction of a German submarine by an American steamship Kroonland was reported by the ship upon her arrival today in an American harbor. Her officers refused to discuss the encounter except to say that by agile maneuvering the vessel managed to ram and sink the boat shortly after two of the under water boats had attacked the merchantman, one from either side. The ship lost a blade from one of her propellers.

An American citizen who arrived in the United States on June 4, announced that he had been informed by one of the ship's officers, at a British port, that two torpedoes, aimed from two directions, each struck the vessel a glancing blow, while the vessel was on her last eastward voyage.

GIVES ENGLAND LESS THAN TWO MONTHS

COPENHAGEN, June 13, via London.—England is given less than two more months of life by Herr von Heydebrand, conservative leader in the Reichstag. In a speech to his electors, he quoted a German admiral as saying:

"We hope, yes we are certain, that in two months at the most the condition of the English will be such that Great Britain will be finished."

Herr von Heydebrand had asked the admiral whether he believed Germany could win a complete victory thru the submarine campaign. The admiral's confident reply was used by the conservative leader to confound "doubters and lukewarm individuals," found among the German masses, who are questioning in increasing degree the political and military efficacy of ruthless submarine warfare.

Herr von Heydebrand also gave warning against hope of a separate peace with Russia and a consequent easy victory over Germany's other opponent.

INFANTRY LEAST POPULAR BRANCH

FORT SHERIDAN, Ill., June 13.—Redistribution has been begun of the 5,000 members of the reserve officers' training camp into units of infantry, cavalry and artillery in which they will be given special training for those branches of service. The choices of branches of service as made by the individual applicants for commissions shows that the infantry is the least popular branch of the service with the cavalry and artillery proving popular with more men than can be assigned to them.

CLOUDBURST SWEEPS 3,000 FEET OF TRACK OUT

MEMPHIS, Missouri, June 13.—Three thousand feet of track of the Keokuk & Western railroad was completely swept away here Wednesday morning when a cloudburst visited this section. No lives were reported lost but it is feared that much livestock was drowned. The rain started early in the morning and continued for about three hours. The Fabius river is now at an extreme high stage. This is the stream that last week broke the levees at Taylor, Mo., and flooded 18,000 acres of land and did three quarters of a million dollars damage.

TORPEDO LINER SEQUANO; 190 LOST

PARIS, June 13.—The South Atlantic liner Sequana, with 550 passengers on board, has been torpedoed and sunk with a loss of 190 men. The Sequana was sunk in the Atlantic. Among the passengers was a detachment of the Senegalese rifles.

The Sequana, formerly the City of Cornith, was owned by the South Atlantic Navigation company of Paris. Her gross tonnage was 3,557. She was 429 feet long and was built in Belfast in 1898.

RUTH LAW IN ST. LOUIS

St. Louis, Mo., June 14.—Ruth Law, aviatrix, who is to bombard St. Louis tomorrow with red cross and liberty bond literature, arrived by train tonight from Joplin. After a luncheon tomorrow, scheduled for 12:15, Miss Law will proceed to Jefferson Barracks from which place she will begin her non-stop flight to Chicago.

THOMAS BALMER DIES

New York, June 13.—Thomas Balmer, widely known as an advertising director, died late today at the home of John Adams Thayer at West Port, Conn., where he was a guest. He was 79 years old.

COLLEGE MEN OF '92 HAVE SUCCEEDED WELL

Illinois Graduates of Twenty-five Years Ago Met at Colonial Inn for Silver Anniversary—Good Records Have Been Made by All

The class of 1892 of Illinois college celebrated the twenty-fifth anniversary Wednesday evening at the Colonial Inn. After an excellent banquet the time was given over to reminiscence and from the large degree of success attained by members of the class the claim of '92 to a place of distinction in Illinois college annals was firmly fixed. There were present the following members of the class:

Dr. Willard Bartlett, St. Louis, Mo.; Fred Gillett, Elgin, Ill.; Rev. Percy H. Epler, Indianapolis, Ind.; Dr. W. C. Craig, Sioux Falls, S. D.

W. C. Curtiss, Waverly, Ill.; William Brown, Chicago.

Mr. Brown accompanied his husband from Chicago. Dr. and Mrs. Bartlett motored from St. Louis Wednesday to attend the meeting.

The dining room was beautifully decorated for the occasion and at the banquet the flowers were ordered to be placed on the grave of Herbert Carter, the only deceased member of the class.

Letters were read from the absent men of '92, and each member of the company found unparalleled enjoyment in the spirit of loyalty and fraternity which pervaded the evening hours.

The Record of 1892

Dr. Willard Bartlett went to St. Louis after finishing Illinois college and upon graduation there associated himself with Dr. Bernays, a well known St. Louis physician. He has since devoted considerable time to his work as teacher of pathology in Washington University medical school and has also built up a private practice in surgery.

Dr. Gillett, as a young medical graduate, served an internship in Passavant Memorial hospital, Jacksonville, and then was house surgeon of the Passavant hospital in Chicago. For a number of years he was assistant surgeon on the staff of Elgin State hospital. In his personal practice Dr. Gillett has specialized on diseases of the eye, ear, nose and throat.

The Rev. Percy H. Epler, upon leaving Illinois college, spent ten years in theological study. He was graduated from Yale and during his residence in the vicinity of Boston and New Haven, became a warm friend of the celebrated divine, Phil D. Brooks.

For several years he filled a pastorate at Worcester, Mass., and recently was called to the First Congregational church of Indianapolis.

Dr. D. W. Craig took his medical course at Northwestern university. For two years he was house surgeon in a Chicago hospital and then removed to South Dakota where he has developed a profitable practice.

W. C. Curtiss returned to his home in Waverly after his graduation from Illinois. He is a progressive farmer and has ever maintained a lively interest in affairs civic and educational. Mr. Curtiss was among the most active supporters of the Waverly Township high school project.

William Brown left Illinois college at the end of his freshman year and went to West Point Military academy where he concluded a three-year's course. He then studied law at Washington university and for a number of years has practiced his profession in Chicago.

Dr. Arthur D. Black went into business after his graduation from Illinois and for five years was located in Indianapolis. He was graduated from both the dental school and the medical school of Northwestern university and has been engaged in the practice of dentistry for the past seventeen years, specializing in oral surgery. He is a member of the Northwestern dental school faculty and has been active in the promotion of dental society work.

The Absent Members

Members of the class who could not be present at the banquet included the Rev. George C. Lenington, of Mexico City; Clement R. Kirby, residing in Texas and now engaged in the government service in an officers' training camp; Dr. Arthur S. Loring, osteopathic physician, of Rockford, Ill.; O. G. Scott, of Springfield, engaged in the coal business; Dr. John Denby, of Carlinville; J. F. Tomlin, of Pleasant Plains; Robert L. Montgomery, Chicago, and Thomas J. Nance, Clinton, Okla.

The Sequana, formerly the City of Cornith, was owned by the South Atlantic Navigation company of Paris. Her gross tonnage was 3,557. She was 429 feet long and was built in Belfast in 1898.

RUTH LAW IN ST. LOUIS

St. Louis, Mo., June 14.—Ruth Law, aviatrix, who is to bombard St. Louis tomorrow with red cross and liberty bond literature, arrived by train tonight from Joplin. After a luncheon tomorrow, scheduled for 12:15, Miss Law will proceed to Jefferson Barracks from which place she will begin her non-stop flight to Chicago.

THOMAS BALMER DIES

New York, June 13.—Thomas Balmer, widely known as an advertising director, died late today at the home of John Adams Thayer at West Port, Conn., where he was a guest. He was 79 years old.

IMPORTANT QUESTIONS STILL UNDETERMINED

Senate Finance Committee Spends Another Day Completing Revision of House War Tax Bill.

Washington, June 13.—Important questions regarding taxation of incomes and excess profits and the publishers' tax still were undetermined tonight after the senate finance committee had spent another day completing revision of the house war tax bill.

The committee has gone thru the entire measure and little time will be required to put it into shape once the few troublesome questions are disposed of.

The excess profits section upon the new taxation basis fixed by the committee was completed today except for fixing the rate and determination of whether the tax shall be extended to individuals as well as corporations and partnerships. Under the new plan of making an average of profits during three years before the war the basis of computing profits, it is estimated that in lieu of the present \$200,000,000 tax upon excess profits about \$525,000,000 at least will be raised if the house tax of 16 per cent is retained. The house estimate was \$400,000,000.

Schram's auction closing out sale begins this afternoon at 2:30 o'clock.

LONDON AIR RAID COSTS 92 LIVES

(Continued from Page 1.)

occupied less than five minutes and no other raids were visible from this observation point.

Witness Terrible Scenes.

Terrible scenes were witnessed during the air raid at a railway station where two bombs were dropped. Luckily they missed the busy portion of the station but struck a train at the far end of the platform fairly full of passengers. The two foremost carriages were destroyed. One bomb hit the train squarely and one carriage caught fire. Several passengers were killed and others badly injured and unable to escape were incinerated. It is believed that 24 persons were killed or injured in this train. Another coach standing on an adjoining line was in the service of a traveling medical board. This also burst into flames and soon became a charred mass. Some of the bodies were so burned as to make identification difficult.

CLOSE SENATE NAVAL COMMITTEE HEARINGS

Bring Out Fact that Some of First U. S. Ships to Be Armed Sailed Without Waiting for Range Finders.

Washington, June 13.—The fact that some of the first American merchantmen to be armed sailed for the war zone without waiting for range finders to be put aboard was developed in testimony today in the senate naval committee's investigation of gun accidents. Chief Gunner Robert of the Freighter Virginia, which had a brush with a submarine when returning recently from Europe testified that he believed failure to hit the U-boat was due to lack of a range finder. The statement caused a stir in the committee until Rear Admiral Earle, chief of ordnance, who was present, took the stand and explained that the range finders had been behind in delivery and because of the large number of vessels which were armed it had not been possible to supply all of them. Some vessels, he said were so anxious to sail that they decided not to wait.

John B. Semple, inventor of the fuse and fuse-chaser, used by the navy told the committee today that the government's specifications were high and the inspections and tests rigid.

Defective fuses probably cost the Germans the big North Sea fight, Admiral Earle said, judging from the large number of shells which failed to explode. The committee hearings closed tonight.

ADVANCE WOMAN'S 8-HOUR DAY BILL

SPRINGFIELD, Ill., June 13.—The woman's eight hour day bill was advanced to third reading in the senate today, after a fight by many senators to obtain exemptions for their districts and when the senate had voted 36 to 7 not to strike out an enabling clause. The senate which had been urged by Governor Lowden to enact the woman's legislation before adjournment, declined to accede to any of the amendments which would weaken any of the provisions of the bill.

Three amendments only were adopted of the score offered. They were to exempt employees in hospitals from the provisions of the bill; to extend for 15 days the period for which women might be employed extra hours in the evaporated apple industry; and one declaring that the federal census for 1910 should be used in determining population of cities affected.

Senator Jewell criticized as a "disgusting spectacle" efforts of senators, who talked of legislating to favor the womanhood of the state, slyly trying to pass amendments which would exempt their particular districts from its application.

COURT GRANTS PETITION

Springfield, Ill., June 13.—Neil Hood of Chicago today was granted a petition for habeas corpus by the supreme court against Sheriff Treagor whom Hood alleges is holding him in jail to satisfy a judgment for \$2,000.

FLOUR PRICE ADVANCES

Minneapolis, June 13.—Best grade of flour advanced 75 cents a barrel today. Fancy patents were quoted at \$15.50 and first clears at \$13.50.

GENERAL PERSHING ARRIVES IN PARIS

(Continued from Page 1.)

the pier which extended gradually up by the public. General Pershing inspected the guard of honor, composed of veteran territorials, many of whom have been fighting on every part of the front.

People Cheer American.

While the train which was to take General Pershing to Paris was being made up the American commander, with his staff and accompanied by French officials drove in automobiles thru the principal streets of Boulogne. On the trip General Pershing was accorded an ovation by the townspeople. As the train left for Paris there was another outburst of enthusiasm for General Pershing and his party.

Shortly after he had stepped ashore General Pershing addressed the newspaper correspondents gathered about him as follows:

"Undoubtedly this is a most impressive day for all of us—the arrival of the vanguard of the American forces in France. It has impressed us all very deeply. We more fully appreciate the significance of our entry into the war, after having stepped on the shores of France than ever before and now it will be a very serious thing for us.

"I feel warranted in saying that America is in the war to do her share whatever that share may turn out to be, whether great or small."

ARRESTED FOR FAILURE TO REGISTER

Louie Fernandes, a section man for the Chicago & Alton railroad was arrested by Sheriff Grant Graft Wednesday on orders from Federal attorney Knotts of Springfield for failing to register on June 5.

Fernandes appeared at the sheriff's office in the court house Wednesday and said he had failed to register on registration day and wanted to do so at this time. Sheriff Graft informed him that it was now too late as the last opportunity was on Monday, June 11.

Sheriff Graft was of the opinion, after questioning Fernandes, that failure to register was thru carelessness and was reluctant to place him under arrest. He telephoned to Adjutant General Dickson for information in the matter. He was referred to the United States District attorney. Attorney Knotts of that office ordered Fernandes placed under arrest. It is expected that Fernandes will be taken to Springfield for disposition of his case.

DANCE AT NICHOLS PARK

About a hundred young people were present last evening at Nichols park for the dance given by members of the Jacksonville Council, Knights of Columbus. This was the second number of a summer series of ten. The music was furnished by Powers' orchestra. Visitors were present from Springfield, Roodhouse, Virginia, Franklin and New Berlin. The committee was composed of J. H. Brown, chairman; Joseph Sheehan, L. L. Mandeville; Frank Murphy, and David Konrad.

SEVERAL WIVES WANT HUSBANDS CONSCRIPTED

WASHINGTON, June 13.—Among the thousands of letters reaching the provost marshal general's office these days from wives, mothers and sweethearts asking exemption for their men, officials were amused today to find several from wives recommending that their husbands be conscripted. One woman said her husband didn't want to go to war but had no good reason for not going and "tipped" the war department that it would be just as well to make a soldier of him.

BENJAMIN N. DUKE ILL

Philadelphia, June 13.—Benjamin N. Duke the tobacco manufacturer is in a sanitarium in this city and is said to be seriously ill.

REPORTS ON CONDITION OF STATE WHEAT CROP

Board Estimates Acreage to Be Harvested at 296,000 and Yield at 69 Per Cent Normal

Springfield, Ill., June 13.—The estimated acreage of wheat to be harvested in Illinois was placed at 296,000 acres today by B. M. Davison, secretary of the state board of agriculture who stated the yield would be about 69 per cent normal. Last year's wheat acreage was 355,000 with a yield of 70 per cent of normal.

The report covered wheat conditions on June 1.

"Rye is reported to be 88 per cent normal," the report continues, "and the acreage to be harvested is 118,000 acres. The oats crop is six per cent greater in area than in 1916 with a 95 per cent normal condition on June 1. The area reported in barley is 97 per cent as compared with 1916 and the condition at this time is 94 per cent normal.

"For the year 1917 it was estimated there was planted an area fifteen per cent greater than in 1916. Conditions are fair at this time, the seed apparently being of better germinating quality than last year. This necessitated very little replanting."

FOURTH OF JULY PLANS

At a meeting held Wednesday the executive committee of the organization of business men promoting a celebration of the Fourth of July decided to forego certain plans already made and to assist the Red Cross society and the Jacksonville Driving club in their plans. The committee has been in correspondence with a well known carnival company with reference to bringing attractions here for a week from July 2 to 7, and if this is done the proceeds of the week will be applied to paying the indebtedness of the driving club and any surplus will be turned over to the Red Cross society. The Fourth of July would also be made a special Red Cross day at the carnival.

At an early meeting of the directors of the Red Cross society just what their ideas are with reference to the Fourth of July celebration will be made known.

ILLINOIS COMPLETES ITS VOLUNTEER QUOTA

WASHINGTON, June 13.—Illinois completed its quota of war volunteers for the regular army today. At the close of recruiting yesterday Illinois had furnished 11,226 on a quota of 11,276 and the average daily recruiting in the state is well above 100 men. A total of 144,044 volunteers have been accepted April 1, which means that almost half a million men have applied for service during that time, an acceptance ranged between one in four and one in five.

COAST GUARD CUTTER SUNK IN COLLISION

SAN FRANCISCO, June 13.—The coast guard cutter McCulloch was sunk in collision with the passenger steamer Governor off Point Arguello early today. The crew of the cutter was transferred to the Governor. No casualties were reported.

The McCulloch, as a gun boat took part in the battle of Manila Bay.

FIGHT TO A DRAW

Philadelphia, June 13.—Pete Herman, the bantamweight champion and Kid Williams, from whom he wrested the title last January fought six rounds to a draw here tonight. The bout was fast and furious from the start.

BLAST KILLS SIX MINERS.

Birmingham, Ala., June 13.—Six miners were killed and four injured by a gas explosion in the Banner mine near here today.

ILLINOIS MAN REPORTS ON PUBLIC CHARITIES

A. L. Bowen Heard At National Conference of Charities and Correction—Declares Political Domination of Public Charities Continues—No State Can Claim Credit for Elimination of Evil.

Pittsburgh, June 13.—"Political domination of the public charities of this country continues and while states have reduced the evil none can claim credit for its elimination," said the report of the committee on Public Charities which was presented tonight to the National Conference on Charities and Correction by Archibald L. Bowen, executive secretary of the State Charities Commission of Illinois. Mr. Bowen has been acting warden of the penitentiary at Joliet, Ill., where a mutiny occurred last week.

Charities and Politics.
"The country, taken as a whole, offers the sad spectacle of charities

bound and gagged, in the power of petty politicians, who demand for themselves and their henchmen, a large share of the impecunious appropriations made from public funds for the care and treatment of the sick and unfortunate," said the report. "We doubt that any state absolutely refuses to recognize the ancient prerogative of the local community to exploit the institution in its midst, for the benefit of the butcher, baker and candlestick maker. A year does not pass without its scandal in some state service and the investigation always concludes with the same sordid verdict against some political machine that had overstepped itself in its exploitation of the state's unfortunates."

"This story will be repeated over and over in the years to come, unless revolution shall shake from our institutions the political clutches which now hold them, and progress will be as slow in the coming fifty years as it has been in the last half century if present humiliating subservience to such control and guidance continues to receive public sanction."

"The money invested in public charities publicly supervised, now amounts to more than the capital of the steel trust. There are expended annually from the state, the local municipalities and the private purse, not less than half a billion dollars, on what is properly classified as charitable purposes. Our state, county and city institutions are increasing in numbers and objects. The public is clamoring for administrators. Officials charged with selecting them are becoming more and more skeptical of the old methods, but they find no trained class from which to draw for the responsible places."

"Many Changes in Systems.
"In these twelve months many states have made more or less radical changes in their systems of administration. The tendency, wherever changes have occurred, has been in the direction of concentration of executive authority. Illinois' new organization is so radical that some call it revolutionary. One hundred and twenty-five boards and commissions, under the jurisdiction of the governor alone, have been abolished. The laws they were created to administer have been grouped under nine heads or departments, each under the absolute control of one director with such subordinates as he may need."

"Thus all the charitable and penal institutions, twenty-three in number with a population of 25,000 inmates, and all the parole and pardon work of the state have been consolidated into one compact department, known as the department of public welfare, headed by a director who will be the sole and the responsible authority in the charitable and penal work of that state."

"Massachusetts has consolidated its penal institutions under a director of prisons and its governor ignored political considerations in finding the man to fill the place. Its hospitals for insane have approached a similar consolidation. Kansas has a new law and a new organization which gets very close to the single authority idea. Vermont, California, Arkansas, North Carolina and other states have adopted new laws incorporating modern ideas and meeting the local conditions with such variations from the idea of single head authority as seem to be necessary."

"The efforts of these states to improve their public service and the independent actions of their governors in ignoring political demands will have a marked effect throughout the Union and this conference should voice its appreciation of their intelligent courage."

Thomas Dodsworth of the southwest part of the county was transacting business in the city yesterday.

A TEXAS WONDER
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo., sold by druggists.—Adv.

ILLINOIS COLLEGE CLOSES THE YEAR

EGHTY-EIGHTH ANNUAL COMMENCEMENT EXERCISES HELD WEDNESDAY

Degrees Conferred On Large Class of Graduates—Dr. John Dewey of Columbia University Gave Address—President Rammelkamp Statement of Special Interest.

The 88th annual commencement of Illinois College is a matter of history. The event passed off with but one drawback, the romance and traditional surroundings of the grand old college grove had to be exchanged for more comfortable and safe quarters of Westminster church, the trustees of which generously opened its doors for the occasion. Orations, one by Miss Grace McLaughlin and one by Henry H. Caldwell, the commencement address by Prof. John Dewey of Columbia University, the annual statement of President Rammelkamp, the alumni business meeting, luncheon and reunion completed the program of the day.

Degrees were conferred as follows:

Bachelor of Arts.
Clay Richard Apple.
Chester Sterling Berry.
Ray Myron Berry.
William Aylmer Berryman.
Henry Holland Caldwell.
Robert Miner Capps.
Floyd Eley Davis.
Thomas Royal Davis.
John Russell Dean.
Edith Marie Emmerson.
Meta Johanna Gummelsheimer.
Marie Alice Gunn.
William Walter Kitzner.
Grace McLaughlin.
Harry Wright McLaughlin.
John Leslie Mitchell.
Hansel Dwight Wilson.
Ivan William Agee, B.S. '16.
Bachelor of Science.

Doctor of Laws.
John Dewey, Ph.D., L.L.D.
Assembling in the gallery of the church the procession formed as follows:

Graduating class.
Class of '12.
Board of trustees.
Faculty.
Alumni.
President and guests of honor, and marched to seats reserved for them. The invocation was offered by Rev. Percy Epler, '12, of Indianapolis. Excellent music was furnished by Johnson's opera house orchestra and much enjoyed.

Next came an oration by Miss Grace McLaughlin on "The Social Responsibility of Woman." A short outline of all the numbers is offered.

"No woman, however humble her sphere, can rightly shirk her responsibility. Schools and colleges exist for her education and if this century is to be for the exaltation of mankind women must discharge the duties of her social responsibility and be prepared to do it. This should be begun at an early age in the family, in the school and colleges and elsewhere that the women of the land may do their part in the great uplift of the human race. Her sphere is great and widening and she must rise to the situation."

The oration was well prepared and delivered.

"The Cypress and the Bay" was the theme of a fine effort by Henry H. Caldwell. "Stern and Swift wrote words which will ever exist and yet their charters were far from irrevocable and the for a few years Poe was a drunkard his memory is still entitled to the bay as well as the cypress. Bitter privation and misfortune, even hunger and cold, sorrow and trouble failed to keep him from giving the world some noble productions in both prose and poetry. They who denounce him must admit his genius and to do so properly his works should be studied for with all his genius for verse his prose writing are the better parts of his efforts."

With many complimentary words telling the great work, the honors received and the immense influence in the educational world of Prof. John Dewey, Ph.D., and L.L.D. of Columbia University, President Rammelkamp presented that gentleman to the audience which heard a superior address on "The New Humanism." "Centuries ago Bacon heralded a new epoch for mankind when men would seek to make common cause, without opposing each other in wasteful wars and vain contests. For a time all seemed to go well but mankind was not ready for such an era. Physical science has been studied and its resources used to the utmost in devising means of destruction. All the forces and possessions of nature have been requisitioned for war when we compare the present with the prophecies of Bacon, Humanity is not aided by the invention of means of destruction. Humanity is helpless in the presence of the weapons of warfare. There are no gross forms of chattel slavery today but the forces of steam and electricity have aided some men to gain great power over their fellow men. Human beings seem to be almost stupefied in using nature. Man has not found enough regarding himself. Many have lacked the courage to use the forces of nature as they should."

Uplifting Humanity.
"It is the work of education to accomplish this Man's knowledge of himself must decide what use he will make of his knowledge. The young should remember that their great aim should be the uplift of humanity. The value of the resources of

nature lies in the extent to which they are used for the welfare of man. The time will come when men will look back on the present and wonder how or why the knowledge of science was not used for the welfare of mankind. What can the colleges do to train the young best to serve their fellow men? Education should not be so practical; so devoted to gains that the great object in life is obscured. Do lawyers strive to serve their fellowmen as they should? Are the efforts of all in authority; of all enjoying the best in life used for the betterment of the race? If education tends to improve the mind and lead the ones enjoying it to altruistic effort then it will not be in vain. This will be grand and an era of good will for mankind will be ushered in."

President Rammelkamp then read his annual report, a part of which appears elsewhere in this paper. Degrees were then conferred and next came the announcement of honors and prizes as follows:

Final Honors
Henry Holland Caldwell.
Edith Marie Emmerson.
William Walter Kitzner.
Grace McLaughlin.

Departmental Honors
Edith Marie Emmerson (in German).
John Russell Dean (in History).
University Honors—Scholarship.
William Walter Kitzner.

Preliminary Honors
Hobart Verner Carmichael.
Leroy Ellis Ellison.
Henry David Hinton.
William Benjamin Lewis.
Allen Clinton Smith.
Francis Emmott Taylor.
Raymond Randall Wallace.
Marion Bernice Wheeler.
Frederick Lee Williams.
Oscar Charles Zink.

Prizes
Hall prize in oratory—Robert Wilbur Nesmith and Ernest Calvin Rutherford.
Edgar Allen Tanner prize in Latin—Margaret Ruth Chipchase.

Smith prize in English composition—Clarence Howard Govea.
Smith prize in declamation—James Bryan Underwood.
Bryan prize in Political Science—James Wilbur Nesmith.
Smith prize in Freshman Mathematics—Joel E. Crouch.
Edward B. Landis prize in Bible—Clara Bell Yehling, Marie Alice Gunn, Edith Epler, and Robert Wilbur Nesmith.

Pres. Rammelkamp announced that Kitzner and McLaughlin had entered the army and consequently the university scholarship would be given Miss Edith M. Emmerson.

"America" grandly sung by the large audience and the benediction by Rev. Mr. Covert of Chicago, ended the program.

Business Meeting of the Alumni
The annual business meeting of the alumni association followed. A. T. Capps, president, had charge. The minutes of the last meeting were read by Secretary A. D. Fairbank and approved.

The publication of the roster of alumni and former students was announced and an earnest desire was expressed to keep track of all the list and the changes which occur in their addresses. The work is very comprehensive and thanks were voted the gentlemen who did the work. Fairbank, Moore, Heintz, and Edward Capps, assisted largely by the force in the president's office.

W. G. Goebel was elected to the board of athletic control.

E. B. Hamilton reported regarding securing the names of civil war veterans stating that the work was practically complete.

On motion of S. W. Nichols the secretary was requested to co-operate with the secretary of the president in securing as far as possible all particulars regarding those who enlisted in the present war.

H. J. Dunbaugh was elected to succeed himself as alumni trustee and accepted with timely remarks and thanks for the honor.

The report of the alumni fund committee was read and the committee continued. R. I. Dunlap, A. D. Fairbank, L. B. Potter and Edward Capps.

Election of officers resulted as follows:

President—A. T. Capps.
Vice president—Hugh M. Wilson.
Secretary and treasurer—A. D. Fairbank.

The society then adjourned to the gymnasium.

Alumni Luncheon and Reunion
An excellent meal deserving all praise and admirably served, was supplied by the ladies of the Christian church and greatly enjoyed. While the ladies were getting ready to serve Mr. Shoemaker sang with great acceptance, Miss Dorothy Hitt accompanying, a solo, entitled "Boots and Saddles."

The divine blessing was invoked by Rev. Ivan Agee.

After dinner Mrs. T. P. Carter at the piano and Prof. T. P. Carter leading, some college songs were sung and then came the formal part of the program.

The loving cup for the class showing the best percentage of attendance was bestowed on 1892 with A. D. Black, Rev. Percy Epler, D. W. Craig, Wm. Brown, W. B. Curtiss and Phillip G. Gillette, present. Dr. Black explained that Bartlett had left St. Louis in an automobile the day before to be present but probably was stalled somewhere. Lenington was a missionary in the City of Mexico but owing to a recent decree of Carranza he would probably return to this country. Clement Kirby was in a training camp; Robinson's whereabouts were unknown; Loving was living in Rock Island and an osteopathic doctor; Herbert Carter was dead.

President Capps read from the minutes of the organization when it first met in the office of Richard Yates Sept. 19, 1839. Rollin Mears, J. E. Spillman and others were present. Those were early days for Mr. Spillman once said when present at a commencement that there was a wild thicket where now stands the main building of the State School for the Deaf and while a student he saw deer there.

H. J. Dunbaugh was then requested to act as toastmaster and he performed the duties of the position with signal ability. All the addresses breathed a spirit of loyalty to the college and to the flag and expressed the great pleasure of all to be present. It is only possible to give the names of the speakers and their sentiments.

Our new trustee—Rev. Wm. C. Covert, D. D., Chicago.

The class of 1892—Response from each member present.

The spirit of the west—Prof. L. E. Milligan.

Our honored visitor from Columbia—Prof. John Dewey.

The alumni fund—R. I. Dunlap.

Presentation of loving cup to 1892—E. B. Hamilton.

Response—A. D. Black.

A song entitled "The Soldiers' Farewell" ended the exercises and the events of the day were over.

JACKSONVILLE MAN HONORED
At the state convention of Eagles in Bloomington Wednesday, Michael McGinnis of Jacksonville Aerie was elected State Inside Guard of the order.

The office eventually leads up to the office of Worthy State President. Mr. McGinnis is deserving of the honor as he has been active in the work of the order ever since the organization of the local aerie.

He was a charter member of Jacksonville aerie when it was instituted in 1903, being one of the early presidents of the aerie. For a number of years he has been aerie treasurer and was a delegate to the state convention.

ALLEN IMPROVEMENT CLUB
The Allen Improvement club will meet this afternoon at 2:30 o'clock at the residence of Mrs. Ross Edwards.

JACKSONVILLE PASTOR RETURNS FROM SOUTH

Rev. E. B. Landis is Given D. D. Degree at Alma Mater in Lebanon, Tenn.

The Rev. E. B. Landis, pastor of Westminster has returned from quite an extended and circuitous trip down South.

He left here May 28th, going directly to Macon, Miss., thence by auto to Livingston and Greensboro, Ala., then to Tuscaloosa in the same state, from which place he went to Columbus, Miss. At Columbus the traveler left his machine and took to the steam cars into Nashville, Tenn., by way of Birmingham, Ala. He gave a day to Nashville, and took in the little place, Codys Grove, Tenn., which derives its name from an old college there. Mr. Landis then went to Lebanon, Tenn., the seat of Cumberland University. There he preached the baccalaureate sermon on June 3rd, and attended commencement exercises on June 6th.

At these exercises he was given a degree, that of Doctor of Divinity, an honor well deserved for he has already earned the degree of Ph. D., and had an A. B., before, from the University of Chicago.

The returned gentleman made the auto trip on some business matters, then attended to the literary part, and after that gave himself a little relaxation in visiting his mother at his old home at Memphis, Tenn., where the magnolias were coming out of the tree he had climbed in his youth. He brought home with him a bunch of these beautiful blossoms.

Dr. Landis tells of one peculiar circumstance in connection with Cumberland University, which could scarcely obtain anywhere in this country, outside of the South. It is that there is an old gentleman of ninety-one years, named Judge

Green, who has been connected as student, officer and professor with the university throughout the seventy-five years of its history.

From Memphis, where he also visited other relatives, Dr. Landis came home, after two weeks of about as strenuous travel as many ministers indulge in.

Dr. Landis had the good fortune to be behind, instead of ahead of, nine cyclones during his trip.

Special demonstration and sale of Neponset floor covering, Friday and Saturday, June 15 and 16, at Andre & Andre's.

RECEIVED INTO CHURCH
At the close of prayer service at Grace church Wednesday evening Norman Jones Woolsey of Kane was baptized by immersion and received into membership in the church.

Misses Helen, Irene and Hazel Hamm have gone to Murrayville to visit their great uncle and aunt, Mr. and Mrs. Thomas Story.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

Safeguard your casings with New

FISK TUBES

THIS is the time to see that your tube equipment is right and ready to meet the conditions of summer driving. You can't afford to chance ruining perfectly good casings with worn out tubes. Replace the old tubes now—before Fisk Week goes by.

How long has it been since you examined your tubes? Look them over carefully and replace any which you are not sure will stand the strain.

New Fisk Tubes NOW will give you better tire satisfaction and lower upkeep costs for the balance of the season. This is the time to buy.

RED CROSS THEME AT CENTENARY SERVICE

Interesting Paper on Work at Order Given by Mrs. Claude Vail—Others Speak Along Same Line—Rev. Mr. Fletcher Calls Attention to War Work of Y. M. C. A.

Prayer service at Centenary church Wednesday evening was of unusual interest to the large congregation present. It has been the custom for some time to add interest to the service by discussion of some timely topic.

Last evening the Red Cross and its work was the main topic. The speakers words all breathed a spirit of loyalty to the cause for which the country is at war and there is not a doubt but that those present last night can be depended upon to do their bit.

Future Holds Great Tasks
The main feature of course was a paper given by Mrs. Claude Vail on the Red Cross and its work. Mrs. Vail had given the subject deep study and she traced the history of the order from its inception thru the years of service to the present time. She pointed out the great work that had been done in the past but said that it was nothing to the work that awaited the organization in the future.

Rev. Mr. Fletcher in bringing the subject up for general discussion, spoke of the splendid work the Red Cross is doing. He also called attention to the work of the Y. M. C. A. for the soldiers in active service. The speaker said that the government only took care of the men on the firing line. When that work ceased either thru relief or wounds the work fell on the Red Cross and the Y. M. C. A.

Prompted by Christ Spirit
E. G. Saye called attention to the

great work done by the Red Cross not only in war but in times of peace. He thought the mission of the society was prompted by the spirit of Christ. The speaker also spoke of the sacrifices that must be made in the present crisis. He was of the opinion that the present war would call for the greatest sacrifices America had ever made. "This conflict," said the speaker, "is not for our personal safety but for the preservation of democracy and greatest of all for humanity."

Miss Shepard said that she was not familiar with Red Cross work but expected to become familiar with it in the near future. It was her opinion that the women would be called upon to do a great work before the conflict ended.

Duty of Those at Home
Arthur Swain of Hebron was present and spoke briefly. Mr. Swain said that many of the young men who went across the water from our home communities would never come back. He thought that it behooved those who remain behind to furnish them with every possible comfort.

The singing was a feature of the meeting and was led by T. H. Rapp. Before the close of the service Rev. Mr. Fletcher made a number of announcements. He called special attention to the district meeting of the Epworth league to be held in Centenary church Wednesday and Thursday, June 20 and 21.

THE PASSAVANT HOSPITAL BENEFIT

Tickets for the Passavant hospital benefit Monday and Tuesday evening can be obtained at the drug store of Coover & Shreve and the banking house of F. G. Farrell & Co. The entertainment will be irresistible and the cause needs no praise for its career tells the story.

TRUSTEES OF ILLINOIS REVIEW COLLEGE YEAR

Annual Meeting Held Wednesday Forenoon in Jones Memorial Building—Resolutions Adopted and Financial Matters Adjusted—Recommend Military Drill.

The board of trustees of Illinois college convened for their annual meeting in the Jones Memorial building Wednesday morning at 8 o'clock. Among the out of town trustees in attendance at the meeting were Messrs. H. J. Dunlap, E. W. Blatchford and the Rev. William C. Covert, Chicago, and John J. Bergen, Virginia. Several of the out of town trustees who could not be present sent letters of regret. Among these letters was one from Thomas L. Fansler, who explained that he could not be present because as president of the Life Insurance association of Philadelphia he had charge of the campaign for the sale of liberty loan bonds in that city. Along with his regrets Mr. Fansler sent a draft for \$1,000 as a donation to the college.

Appropriations Reduced
A considerable amount of routine business was transacted by the trustees. On account of the uncertainty of income the trustees felt obliged to reduce some of the appropriations for next year. However, if the conditions warrant it next fall additions to these appropriations may be made at the December meeting of the board. The trustees appointed a committee to co-operate with the faculty in providing for compulsory military drill for the men and for instruction in Red Cross work for the girls of the college. Resolutions were adopted in memory of Judge E. P. Kirby, who served on the board for such a long period. Resolutions thanking Major E. C. Vickery for his services in connection with the military drill of the students were adopted, as well as others thanking Rev. E. B. Landis, pastor of Westminster Presbyterian church, for the donation of three prizes in Bible.

The building and grounds committee was authorized to provide for a better ventilating system for the chemical laboratory. On account of the increased prices it was found necessary to increase slightly the rate for room and board at Academy Hall next year. This will amount to about \$25 per student for the year.

The report of the president showed that the college had had another very successful year financially and the trustees were especially pleased that the college had closed another year without deficit. The funds of the college are steadily increasing and it is especially hoped that a new library building will soon be secured.

Ice cream social tonight at the Baptist Chapel, corner of Ashland Ave. and Farrell St. Everybody welcome.

MADE ATTEMPT TO ESCAPE FROM JAIL

Kenneth McCurley Cut Bricks From Wall and Had Blanket Rope Ready

Kenneth McCurley who was recently sentenced to the reformatory at Pontiac made a bold attempt to break jail about 2:30 o'clock Wednesday afternoon.

McCurley is charged with forgery and Sheriff Graff expected to take him to Pontiac at an early date to serve the sentence imposed by the court.

During the day the prisoners are at times allowed liberty outside the cage. McCurley was outside the steel cage Wednesday afternoon. He removed about a dozen bricks from the south wall and had his blanket made into a rope ready to let down on the outside when discovered.

The attempted escape was discovered by Deputy Sheriff Stice and the turnkey. They had been to Jacksonville State hospital to take a patient and upon returning saw the blanket as McCurley pushed it thru the opening.

Just what chance McCurley thought he had of escaping at that time of day is a mystery. East college avenue is a much traveled thoroughfare and it would have been almost impossible for anyone to have gotten out of the jail and escaped at that hour of the day.

Special demonstration and sale of Neponset floor covering, Friday and Saturday, June 15 and 16, at Andre & Andre's.

BIG CORN ACREAGE PLOWED

W. E. McCurley of the Woodson neighborhood has 200 acres of corn planted and more than 150 acres of this total has already been plowed. Thus Mr. McCurley finds himself in much better condition than many Morgan county farmers. On comparatively few farms has the corn been gone over once and on a number of farms planting has not yet been finished. Mr. McCurley's method is to work the corn field continuously when the season begins and to plow growing corn even if the ground is wet. This is really a gamble with the weather, for if the rains cease and a stretch of dry weather comes the work will all have to be done over, but this year the rains have continued. So Mr. McCurley has his corn in much better condition than those farmers who have waited from day to day and week to week for their fields to dry off and get in to just the right condition for plowing.

THE RAINFALL

A rainfall of .37 of an inch was recorded for Wednesday by G. H. Hall, weather observer at Alexander.

Charles Flynn has ended his year at Routt college where he made good marks. In all branches and has gone to the home of his parents, Mr. and Mrs. Terry Flynn to take lessons in farming during the summer.

MORGAN COUNTY LIBERTY BONDS OVERSUBSCRIBED

BANKS HAVE AGREED TO TAKE THE LOAN BONDS TO AMOUNT OF \$460,000

This sum is \$3,834 larger than Government Allotment—Patriotic Action the Result of Series of Conferences By Bankers—In Many Other Communities Liberty Loan Committees are Struggling To Place Bonds Assigned Them.

Morgan county's allotment of \$456,165.33 of liberty loan bonds has been oversubscribed to the amount of \$3,834.67. This very happy condition was made known following a meeting of Jacksonville bankers held Wednesday afternoon. The allotment of bonds to this county by the treasury department totaled \$456,165.33 and the result is one in which every resident of the county may well take pride. The full sum has been taken with more than \$3,800 additional.

In many counties of this state and in surrounding states arduous tasks await the liberty loan committees to complete the disposition of their bond allotments by noon Friday, the time limit which has been set by the treasury department. For a county of this size \$456,165.33 means more than millions for some other localities and the banks of this county have set a fine example in patriotism.

Strenuous Campaigns Elsewhere.

In many localities for days past liberty loan committees made up largely of bankers, have busied themselves with publicity campaigns, including newspaper advertising, the ringing of bells and more or less spectacular features in the endeavor to arouse the people to the necessity of buying the bonds. Here in Morgan county the program has been of an entirely different kind. The bankers have conferred from time to time and agreed to apportion the government's allotment among them and then to dispose of such bonds as their customers may desire. There has been no effort to especially urge the public to buy the bonds, the bankers having the feeling that their customers know what the government is endeavoring to do and will make such purchases as are in accord with their own financial ability.

The banks of Jacksonville have taken \$245,000 of the total sum and the apportionment amongst all participating is as follows:

Ayers National bank	\$200,000
F. G. Farrell & Co.	40,000
Elliot State Bank	50,000
Dunlap, Russell & Co.	45,000
Farmers State Bank & Trust Co.	10,000
Alexander State bank	5,000
Chapin State bank	15,000
Murrayville bank	5,000
First Nat. bank of Waverly	30,000
Wemple Bros., Waverly	30,000
Franklin bank	30,000

Total \$460,000

Ayers National, Loan Depository.

It is a matter also for local satisfaction that the Ayers National bank has been designated a liberty loan depository. This is possible where a bank takes more than \$100,000 of the liberty loan bonds. Other banks in a community where a liberty loan depository has been designated may become associated with that depository and transact their bond business thru it. Thus far the following banks have indicated their desire to co-operate in this way: F. G. Farrell & Co., Alexander State bank, Dunlap, Russell & Co., Murrayville bank, First National bank of Waverly.

The advantage to a community in having a local bank named as a liberty loan depository is that the government will for a considerable time at least, keep on deposit there the money secured thru the sale of the bonds. In an agricultural community such as this is, it would be a distinct detriment if all the money subscribed for the bonds were to be immediately paid to the government and transferred to banking institutions in the larger cities. In a community of this kind about the largest demand on the banks is to provide farmers of contiguous territory, with funds necessary at crop moving time and in the cattle feeding seasons. So to drain the local banks of money would tighten up financial conditions in a way which would be distinctly detrimental to the farming community.

To Guard Local Conditions.

W. G. McAdoo of the treasury department has indicated that the government, seeking as it is to encourage agriculture and stock raising in every way possible, is very certain to recognize the need of not seriously interfering with money in communities where agriculture and livestock are the most important lines of industry. It was in part to meet conditions of this kind that the loan depository system was worked out and it is fortunate, indeed, for Morgan county that such a depository has been designated here, for, as indicated before, it will thus be possible for the banks to purchase the amount of bonds agreed to and then have the government deposit at least the larger portion of the money they have paid for the bonds in the local depository and the banks allied with it in the depository function.

M. F. Dunlap, president of the Ayers National bank, yesterday in explaining that the Ayers National bank had been designated as a liberty loan depository, said that the government's requirement was that a bank to be eligible to become a depository must subscribe to at least \$100,000 of the bonds.

Plan is Outlined.

The plan followed will be for the depository bank to pay the government for the bonds which the depository bank and its associates have agreed to purchase. Then the government will deposit an approximate equal amount in the depository bank and the bank will turn over as collateral security the bonds purchased. The government will then

STRAW HAT Time Now

The weather indicates that it's time to change to a Straw Hat—for your comfort and appearance. You needn't worry about a becoming style—there's an abundance of shapes here for you to select from.

Our Panamas are from direct importers and finest bleachers in this country—Alpine and Drop tip crowns—flat, soft curl and pencil curl brims.

Genuine South American Panamas	\$5 to \$10
Porto Ricans, Balibuntas, Cantons	\$1 to \$7.50
Split and Sennit Sailors	\$1 to \$5
"Amaze", Adjustable Crown Sailors	\$1.50 to \$2.50

GOLF HATS, CAPS, CLUBS, BAGS and BALLS

MYERS BROTHERS.

place the bonds of the depository bank and its associates with the depository bank and will require a surety bond from the depository to guarantee the safe-keeping of the bonds. This will mean that both the money and the bonds will be kept here at the disposal of the depository bank and the associated banks, and at the same time the government will have secured the financial credit desired thru the transaction.

As customers of the banks desire to purchase bonds payment will be made thru them to the depository bank and the bonds delivered to the purchasing customers. From the cash payments which thus accrue from time to time later on the government will discharge its own obligations.

Considered locally it is reasonable to assume that the government will use its funds here to pay the firm of J. Capps & Sons on contract obligation. Several weeks ago the firm entered into a contract with the government to supply a large number of khaki overcoats for the army. Extensive preparations have been made by the firm since that time in the purchase of wool and other necessary materials for the purpose of filling that contract. The money involved will run into large figures and so it is only reasonable to suppose that the government, aware of the obligation here, will later on discharge that obligation by payment from funds on deposit here. This would mean simply a shifting of the funds from the government account to the accounts of J. Capps & Sons and then into general channels of business and have a desirable and stimulating effect upon local business affairs. The principle will be applicable in other communities where the government has funds on deposit and is also a customer of some local concern.

According to report Fairchild went to the State hospital grounds Tuesday evening while a moving picture entertainment was in progress and created a disturbance. It is alleged that he was intoxicated. When arrested he had a bottle of beer in his pocket.

On the 11th of May, Fairchild was arrested on a warrant sworn out by Rose E. Whipp, charging assault and battery. He was before Justice Dyer at that time. The court wanted to be lenient with him and released him upon payment of a portion of the fine and the promise that he would behave himself and keep away from the State hospital grounds. When he was taken before Justice Dyer yesterday the court decided that it was not much use to be lenient and hence assessed a fine that will cause good behavior on Fairchild's part for several days at least.

STOP AND SEE! YESTERDAY WAS \$1.00 DAY. THE MORNING BEING RAINY AND DISAGREEABLE THE SALE WILL BE CONTINUED TODAY, THURSDAY. COME AND SEE THE MANY GREAT INDUCEMENTS WE OFFER YOU FOR—ONE DOLLAR. MONEY SAVED IS MONEY MADE. LET US MAKE DOLLARS FOR YOU. C. C. PHELPS DRY GOODS COMPANY.

SUNDAY EVENING SERVICES IN CENTRAL PARK
Arrangements have practically been completed for the holding of union services in Central park by the various protestant churches. The services will begin the first Sunday evening in July, that date being contingent upon the completion of the improvements now being made in the park.

A CHILDREN'S DAY AT NICHOLS PARK

A Special Program for the Little Folks Suggested for the Fourth of July.

Some persons with the welfare and happiness of the children at heart have suggested a special day for the little folks at Nichols park, July Fourth. There is no desire to run opposition to any other program or plan but the thought was to get up something which the little folks would especially enjoy. It has been suggested that there might be games, races and various sorts of contests suited to the smaller residents and thus make the occasion one which would be agreeable to them. There is plenty of room at Nichols park and no danger of crowding and it is possible something may be devised which would please the rising generation. Further notice will be given if anything is matured.

FINED FOR DISTURBING PEACE

Horace Fairchild was arrested Tuesday evening on complaint of Dr. E. L. Hill charged with disturbing the peace. He was taken before Justice Dyer and fined \$30 and being unable to pay the fine he was committed to the county jail.

According to report Fairchild went to the State hospital grounds Tuesday evening while a moving picture entertainment was in progress and created a disturbance. It is alleged that he was intoxicated. When arrested he had a bottle of beer in his pocket.

SURPRISE FOR MISS WRIGHT
Members of the Larkin club gave a surprise party for Miss Kamille Wright Tuesday evening at her home in Franklin. A previous club meeting was cut short by bad weather and the members took this method of expressing their appreciation. The evening hours proved very enjoyable for each of the guests.

SUPPER AT OAK RIDGE
The supper given Tuesday evening at Oak Ridge church, near Litchberry, proved a success in every way. There was a gratifying attendance and more than ninety dollars was cleared for the treasury.

REAL ESTATE TRANSFERS
Nannie Grandjean to F. B. Six, and in Alexander, \$600.

BABY WELFARE WEEK OBSERVED IN WINCHESTER

Judging Will Take Place Today and Friday at Grade School Building—Brother of P. R. Nelson Dies.

Winchester, Ill., June 13.—Preparations have been completed for the observance of Baby Welfare week and the children who have entered for the contest will be examined at the grade school building today and Friday. Friday evening there will be a special program at the Lyric theater.

Word has been received from Crestaine, O., that Mrs. Wilbur Coults, reported very ill, has shown considerable improvement in condition.

Miss Leola Tankersley left Wednesday for Franklin to visit the family of Charles Lashmet. Her mother accompanied her to Concord, returning on the afternoon train.

Miss Esther Davis of Jacksonville is here for a visit with friends and relatives.

Miss Elizabeth Rohrig left for Barry Wednesday to visit Miss Carrie Davis. Her father and little brother accompanied her to Chapin.

A. R. Nelson Dead
F. R. Nelson received a message Wednesday telling of the death of his brother, A. R. Nelson, in Butte, Montana. The deceased was Mr. Nelson's only brother.

Members of the Baptist Sunday school are feeling justifiably proud over the attendance of recent weeks and especially regarding the record of last Sunday when there were present a total of one hundred and twenty-five. Since the beginning of the pastorate of the Rev. W. R. Johnson there has been a considerable increase in enrollment and all indications point to a continued growth.

Miss Dorothy Hainsfurther entertained fourteen of her young lady friends Wednesday morning at her home. Miss Sybil Smith was the guest of honor. Nine o'clock breakfast was served and there followed a social hour of much pleasure.

Pieck Riggs will leave Thursday for Pueblo, Colo., where he has a position awaiting him.

Miss Olga Hieronymus entertained the seniors of 1917 Wednesday evening at her home in the east part of town. The occasion was full of enjoyment for each of the young people present.

HOME COMING MEETING.

"Home Coming" meeting of the Amoma Bible class will be held Friday evening, June 15, at the Baptist church. All members, as well as every one who ever has been a member of the Amoma Bible class or the Marsh Bible class are cordially invited. Banquet at 6:30.

THE NEWMAN PARTY TO NORTH DAKOTA

The Newman party to North Dakota is to be composed of Mr. and Mrs. Wm. Newman and daughters, Elizabeth, Ella and Louise. William, Jr., is not to be one of the party.

Cold Settled in His Back

"Foley Kidney Pills always give me prompt relief," Ed Nelson, Rogers, Neb., writes: "I have used Foley Kidney Pills for backache, the result of catching cold which settled in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them."

The reason Foley Kidney Pills act so satisfactorily is because they neutralize and dissolve the poisonous waste matter that remains in the blood because the kidneys do not do their work properly in filtering and casting out from the system acid and other poisons.

Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, rheumatism, too frequent action of the bladder at night, and other painful and annoying ailments disappear. Foley Kidney Pills contain no harmful ingredients. They are safe as well as quick acting.

GEO. HOBSON A SUICIDE WEDNESDAY IN WAVERLY

No Motive Found For Act of Morgan
County Man Who Committed Suicide.

George Hobson aged 49 years committed suicide in Waverly early Wednesday morning by drinking carbolic acid. The suicide occurred at the residence of A. W. Moulton where Hobson's wife is housekeeper.

No cause can be ascribed for Hobson's act. He was in Waverly with his wife from Saturday until Monday and told her he was going to Curran. She said, however, that on another occasion Hobson had shown her a bottle of carbolic acid and said he was going to take it.

Hobson left a note which was written in Springfield on June 12. In the note he said to bring no prosecution against anyone as he was responsible for the act and no one else.

Coroner Rose was notified of Hobson's death and went to Waverly Wednesday morning and held an inquest. The evidence of Mrs. Hobson, F. G. Burch, a rural mail carrier who resides next to the Moulton residence, and Dr. Paul Allyn was taken.

Testimony Taken
Burch testified that he was called by Mrs. Hobson about 4 o'clock Wednesday morning. Witness said Mrs. Hobson said she heard some one around the house. Witness went to the residence and found Hobson lying on the ground at the southwest corner of the porch. He straightened him out on the grass and called Dr. Allyn. Witness said he then went back to where Hobson was lying and he gasped a few times and died.

Dr. Allyn testified to being called to attend Hobson but when he arrived Hobson was dead. Gave as his opinion that death resulted from drinking carbolic acid.

Mrs. Hobson testified to hearing a commotion on the front porch and called Mr. Burch and they found Hobson lying on the ground. She said he never spoke after they reached him.

The jury composed of Nate Morris, foreman; E. Elter, clerk; James Lythell, John Magin, A. C. Read, and H. Luttrell, after hearing the testimony returned a verdict that deceased came to his death from drinking carbolic acid with suicidal intent.

ORGANIZATION FAULTS RETARD SOCIAL SERVICE

Is Statement of Fred A. Geier at Conference of Charities and Correction—Duplicating Efforts Mean Wasted Time and Motion and Increased Expense.

Pittsburgh, June 13.—Fred A. Geier, president of the Council of Social Agencies, Cincinnati, told the National Conference of Charities and Correction today that the "great overshadowing fault of social service has been its failure to organize itself effectively." His subject was "A Business Man's Criticism of the Present Organization of Social Service" and he said in part:

"If one looks at the materials that go into social service and the finished products that come out there is no reason for regarding social work in any given city as other than a single great organization. The materials are the same, money, records, personal service both paid and unpaid; and the products are the amelioration of immediate human misery, and the improvement of various social conditions. What you term your case work, your recreation work, your public health work, your institutional service, your correctional work, your research activities and so on, are in the last analysis departments each taking socially sick families or individuals or dangerous social conditions, and trying to make better families, better individuals and better social conditions. To be sure there is a certain variation in both raw materials and product, a sort of series of products. But the same condition prevails in many businesses where it is not thought wise to carry more than one general organization."

Henry Stotlar, who has been teaching the past year at Sidell, Ill., and was in the city to attend Illinois college graduation events, will leave this morning for his home in Mt. Vernon.

OLD JACKSONVILLE

Some Sigma Phi Reunions.

By Ensley Moore

(Member of Illinois Historical Society.)

Some Sigma Phi Reunions

Up to about 1872 the Alumni Association, Sigma Phi and Phi Alpha Societies of Illinois College used to have literary exercises in the afternoons of the Wednesday before Commencement. Sometimes both the literary societies held Re-unions annually. About 1872, Prof. E. A. Tanner proposed that, hereafter, the three societies have literary exercises and Re-unions triennially, and this plan has since been followed; except that, of late, only the Re-union is held.

The writer of these sketches, above named, first heard of the college Re-unions in 1859, when J. Wilson Thompson told him of the Sig. Re-union at the Dunlap House, and bragged of the fine time they had.

The writer became a member of the Sigma Phi society in the fall of 1862, and attended his first Re-union at the Mansion House, in 1863. The writer being then a "Sub," or "Prep," as they are now called.

The only feature recalled of that occasion of special note was the speech of the Rev. Jas. G. Robert, afterwards pastor of the Congregational church here. It was quite witty.

In 1860 and 1861
From the very deficient local reports of the Jacksonville Journal since 1859, when the paper lost its files by fire, the first to be found was an allusion implying a Re-union June 2nd or 3rd, 1860.

In 1861 the War had begun, and many of the students had gone into the "First 3 months" service. The Re-union was held June 18, at the Dunlap House, the Hon. Newton Bateman, one of the founders of the society acting as toast-master, a position admirably filled.

One of the most interesting features was the reading of a letter from Ft. Defiance, Cairo, Ill., signed by Maj. John Tillson, Capt. J. G. Robinson, Montague, Lt. Thos. W. Smith, H. W. Davis, Geo. Puterbaugh, Edward Adams (killed at Jackson), John A. Ballard, Wm. W. Brown, C. O. Chandler, E. B. King, David King, Jr., Wm. H. King, (Dr.), H. G. Keplinger, W. A. Kirby, Stephen B. Little, M. V. B. Parker, Robt. E. Stevenson, Henry M. Scarritt, R. Wolcott and M. G. Greenwood (killed at Stone River).

Resolutions of fraternal wishes were passed to be sent to the boys at the front.

Pres. Sturtevant, Prof. Haven, Dr. T. M. Post, Profs. Sanders and Crampton, Lt. T. W. Smith, Col. L. H. Ross, Geo. C. Noves, Wm. H. Collins, Bateman and Prof. J. B. Turner made speeches. There was a good crowd present.

1862, 1863 and 1864
The Sigs had a Re-union June 18, 1862, also that already referred to in 1863.

In 1864 many of the boys were in the "Hundred Day" service, and a letter was read from T. O. Douglas, Sec., dated at Benton Barracks, Mo., (St. Louis) telling of the Sigs having a Re-union there. Lt. M. V. B. Parker was president, apparently. They had a fine time. The Re-union here was probably June 17, 1864.

1865, 1866 and 1867
June 15, 1865, the society held a Re-union at the Dunlap House.

In 1866 it was decided to have the Re-union in Strawn's Hall, and ladies were in attendance. This was June 6th. There was a large attendance, and music was furnished by the Jacksonville Silver Cornet Band. Oliver S. Green was president of the society. No list of speakers. Is at hand. The lady friends of the boys furnished the repast, the mem-

bers paying only for the cost of the provisions. Mrs. Joshua Moore superintended this work, and was assisted by young lady friends of the students.

The Dunlap House was again the place of meeting, June 5th, 1867. The Rev. Dr. Elliot, then of St. Louis, Mo., delivered the address in the afternoon, in the Congregational church.

The Re-union was again presided over by Dr. Newton Bateman. His remarks and those of other speakers were very highly lauded by the Journal.

1868, 1869, 1870 and 1871
Altho the writer was graduated June 4, 1864, he can not recall about the Re-union, but thinks it was held at the Dunlap.

A while before Commencement of 1869, the writer met John H. Spears of that year's class, down by the W. B. School. Spears said, "I want to have a good Re-union this year, and I will give ten dollars toward it." The writer said he would do the same, and told Spears to go in and secure the meeting. He was a good worker, and we had the eating and talking fest at the Dunlap.

For some reason no report as to the year 1870 is attainable.

The year 1871, however, had very extended literary exercises the Wednesday before commencement in Strawn's Opera House.

The Hon. Newton Bateman delivered the Oration, which was one of the finest efforts of the sort ever made here. His speech was unusually long, and harrowing on that account to those who came after him.

Ensley Moore delivered the Historical Address, the first that had been made, at least in recent years.

Henry M. Post, of St. Louis, Mo., was the Poet of the occasion and presented a satisfactory tribute to the Muses.

The Re-union was probably at the Dunlap House, altho details are not recalled by the historians of that, or this, day.

1873, 1874 and 1875
There is a lack of information between 1869 and 1873, except in 1871. But the Re-union of 1873 was held at the Dunlap House, June 4th. Prof. H. E. Storrs, Rev. Thos. K. Beecher, one of the founders, Rev. C. W. Clapp, Jas. Fishback, Henry M. Post, R. H. Beggs, David King, Pres. Sturtevant, Rev. J. M. Sturtevant, Jr., Prof. J. B. Turner, Truman Post, Gershom Martin, of the "Scout," and L. B. Glover of the "Journal" spoke.

The year 1874 was Phi Alpha literary turn, under the new plan. In 1875 the Literary exercises of the Sigma Phi were in Conservatory Hall, June 2. The Re-union at the Dunlap. The Rev. Levi P. Crawford was present, and he was some Sig., being six feet, six inches in height, and well filled out. He was known as "Nimrod."

1876, 1877, 1878 and 1879
Phi Alpha had literary exercises at the Odeon in 1876, so that was not the Sigs turn.

In 1877 the Sigma Phi had literary exercises in Conservatory Hall, June 6th. Hon. Jas. Shaw, of Mt. Carroll, delivered the oration, and John Scott Stevens, of Chicago, the poem. The Re-union was at the Dunlap.

June 5, 1878, the Phi's were on deck.

The year 1879 brought the College to its Semi-Centennial, and that occasion was well celebrated by all the various interests.

This brings the record down to the year last named.

JOSEPH DAGLEY BURIED AT WHITE HALL TUESDAY

Long Time Resident Passed Away—Sunday at Family Home—Burlington Increasing Force of Telegraphers Because of Volume of Business—Other White Hall notes.

White Hall, June 13.—Funeral services over the remains of Joseph Dagley were held at 2:30 p. m. Tuesday at the home on East Bridgeport street in White Hall, and were in charge of Rev. Hugh Davidson and the choir of the Christian church. Mr. Dagley, an old resident, died at 11 o'clock Sunday, following an illness with pneumonia, his age at death being 64 years, 4 months and 10 days. His wife and two daughters survive. Mr. Dagley has been a resident of this section the greater part of his life. He resided in the vicinity of Pearl, Pike county, for several years previous to resuming his residence in White Hall, and here he held in high regard by the entire community. His remains were laid to rest in the White Hall cemetery.

James Mann, division freight agent of the C. & A., spent Tuesday in White Hall, and in company with the local railroad agents interviewed the business men on the proposition of the proposed fifteen per cent increase in freight rates. The net result of the visit was the signature of a large representation of our business people on a petition to the interstate commerce commission to grant the prayer of the railroads for the increased rates.

Mrs. Christine Potts departed Monday on her return to New York City, after being the guest of Miss Alice Potts for a week or so.

C. Mosier, one of the old school of Burlington telegraphers, is serving a trick at the local station, going to and from his home at Wrights daily. The Burlington is increasing the force of telegraphers all along this division on account of the great volume of business that is being

handled this way, also the C. & A. is handling a large oil business thru White Hall.

Rev. Lee Howard left Tuesday for Quincy to speak at the dedication of an addition to the Chaddock Pops' School, a Methodist institution.

J. W. Trunnels, assessor of White Hall township, is completing the figures of the assessment of the township, and furnishes the total of personal property at \$1,433,820, a gain of \$107,340 over last year. The real estate totals will be ready next week.

The Ladies' Progressive club of McCabe M. E. church will give a supper on the lawn of Mrs. W. M. Burton, 724 East College Ave., Saturday night, June 16. Supper served at 6 o'clock. Supper 35c.

THE CANNING DEMONSTRATION.
Attention is again called to the demonstration in canning at Trinity Episcopal church parish house, just west of the Dunlap House, at 2 p. m. today. A charge of ten cents will be made and all ladies will be welcome. The receipts will go to the Red Cross.

EXECUTOR'S NOTICE.

Estate of Charles Holley, Deceased.
The undersigned having been appointed Executrix of the last Will and Testament of Charles Holley, late of the County of Morgan and State of Illinois, deceased, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House, in Jacksonville, at the August Term, on the first Monday in August next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 12th day of June, A. D., 1917.

Florence Sanders, Executrix.

CHICAGO LOSES FREAK
CONTEST TO YANKEESNEW YORK SCORES WINNING
RUN IN TENTH.

Sox Make Eighteen Hits off Culp
Before He is Taken Out With Two
Men Out in the Ninth, Yet Chicago
Scores Only Five Runs off That
Pitcher.

New York, June 13.—Chicago lost a freak game to New York here today in the tenth inning by a score of 7 to 6. The visitors made eight hits off Culp before he was taken out, with two men out in the ninth, yet Chicago scored only five runs off that pitcher. Caldwell relieved him and let Murphy home with the tying run on a wild pitch. New York then won in the tenth inning on Peckinpaugh's double and Nunamaker's single.

TEARNEY CALLS SPECIAL
THREE EYE MEETING

CHICAGO, June 13.—Call for a special meeting of the Three Eye League was issued by President A. R. Tearney tonight as a result of the financial condition confronting the Bloomington club and the decision of Alton to relinquish its franchise. The meeting will be held in Chicago next Friday.

The citizens committee of Alton which yesterday agreed to take over the franchise advised President Tearney tonight of its desire to relinquish it. Tearney charged the committee with having broken faith.

TENER FINES MCGRAW.

New York, June 13.—The punishment of Manager John J. McGraw of the New York National League ball club for striking Empire Byron at Cincinnati June 8, was today fixed by John K. Tener, the league president at sixteen days suspension and a fine of \$500. McGraw will be eligible to play again June 26.

BOSTON AND ST. LOUIS
SPLIT DOUBLE HEADERWORLD'S CHAMPIONS TAKE 1ST
GAME

Ruth Bests Davenport in Pitcher's
Battle—Second Contest Results in
the First Browns Victory Over Red
Sox This Season—Marks Breaking
of Mays' Winning Streak.

Boston, June 13.—Boston and St. Louis divided a double header today, the world champions winning the first game 2 to 0 and losing the second 7 to 2. The opening contest was a pitchers' battle in which Ruth bested Davenport.

The second game resulted in the first St. Louis victory over the Boston club this season and marked the breaking of Mays' winning streak.
First Game.
Boston: AB, R, H, O, A, E.
Hooper, rf, 3 0 0 1 0 0

Score by innings:
Boston: 010 000 01x—2
St. Louis: 000 000 000—0
Summary.
Two base hit—Ruth. Stolen bases—Hooper, Sisler. Sacrifice hits—Barry, Scott (2), Hobblitzel. Double plays—Marsans-Austin. Hits and earned runs—off Davenport, 2 and 0 in 7; Hamilton, 1 and 1 in 1. Struck out—by Ruth, 5; Davenport, 2. Umpires—McCormick and Connelly. Time—1:58.

Second Game.
Score by innings: R, H, E.
St. Louis: 000 002 500—7 11 0
Boston: 200 000 000—2 8 4
Sothern and Severide; Mays, Bader, Pennock and Thomas, Cady.

Philadelphia, 4; Detroit, 2.
Philadelphia, June 13.—After Noyes and Dauss had engaged in a twirling duel for six innings today, errors by Detroit turned the scales in favor of Philadelphia, the score being 4 to 2. The hitting of Cobb, Stanage and Schang featured the contest while Bodie's double drove in two runs.

Score by innings: R, H, E.
Detroit: 200 000 000—2 8 4
Philadelphia: 002 000 11x—4 7 0
Dauss and Stanage; Noyes and Schang.
Harry Hooper, the Red Sox gardener, is finding it difficult to connect with the safe blows this season. But once he finds the range "Hoop" can be counted upon to get his share of the Sox bingles.

In the Sporting World

Cleveland, June.—"Smoky Joe" Wood, famous as a member of the Boston Americans, and for whose contract Cleveland is reported to have paid \$15,000, is plainly worried over the soreness in his pitching arm. The trouble in the elbow and shoulder has refused to yield to treatment.

Lee Fohl, manager of the Cleveland team, does not plan to use Wood again until the sweltering days arrive. Warm weather, Fohl believes, will effect a cure for Wood's trouble.

"I will pitch any time Fohl says the word," Wood said, "but it would be suicide for me to go against a club until I know my arm can stand the strain. I am a bit discouraged, but can't believe that I am thru as a pitcher. Time only will tell and I must not try to force matters."

Wood said that after he had pitched seven innings against New York recently his arm "went cold" and it was a tremendous effort to work the remainder of the game.

Chicago, June.—The twentieth annual congress of the North American Skat League which will be held here June 16 and 17 is expected to draw an entry list of 5,000 players. Officials say that at least 500 cities in the central states will be represented.

Sixty percent of all entrance money, plus \$500, will be returned to the players as prize money. Of this amount, \$1,000 will be first prize.

R. W. Ruppert of Milwaukee has been chosen as skatmeister for the congress. His duties are to settle all questions relating to the interpretation of the rules. He will have a corps of forty or fifty assistants, one being provided for each 100 players.

It is probable that the next tournament will be held in Milwaukee.
Milwaukee, Wis., June.—Richie Mitchell, the Milwaukee lightweight, who was to have met Ever Hammer of Chicago, in a ten round bout here June 15, sustained an injured ankle while boxing with his brother, necessitating the cancellation of the bout.

Madison, Wis., June.—Dr. Paul Withington, football coach at the University of Wisconsin, who has enlisted in the Boston base hospital corps of the Red Cross, does not plan to return to Wisconsin, not fall even if the university decided to resume the gridiron sport. Dr. Withington expects to be called to the colors soon.

Minneapolis, Minn., June.—Preparations for the gold cup race of the American Power Boat association, which will be run here August 23-27, are being pushed forward by local racing men, who declare the meeting here will surpass all previous ones in high class entries.

The committee of judges to have charge of the races will include George C. Krusen of Philadelphia, representing the American Boat association; Dr. J. F. Schefek, of Minneapolis, representing the Miss Minneapolis Boat association; and Chas. M. English, of Brooklyn, representing the Lake George Club.
The race committee will include Henry Sampson, Douglass, L. L. as timer and Frederick K. Lord, New York, as measurer. Captain George Freeman, U. S. A., St. Paul, has been appointed surveyor of the course.

St. Louis, June.—The name of the St. Louis park of the National League has been changed from Robinson Field to "Cardinal Field."
"We are introducing the 'Cardinal' idea" so of course the scene of its development should be called "Cardinal Field," Branch Rickey, president of the club, explained.

Bloomington, Ind., June.—De Witt T. Mullett has been awarded the conference medal for athletics and scholarship at Indiana University. Mullett is a junior and won his letter playing left end on the varsity football team and guard on the varsity basketball five. At present, he is with an army engineering corps in Texas. His home is at Columbia City, Ind.

Cleveland, June.—Johnny Kilbane, the featherweight champion, is ready for service with the United States army if called. Kilbane did not claim exemption when he registered for military service. Neither did Alvie Miller, a Lorain featherweight. Toughie Ramser, a light-

weight of Lorain also registered and did not claim exemption.

Chicago, June.—Work on the new race track to be erected at Hot Springs, Ark., will be started in July according to officials of the Essex Park Jockey club, who are in Chicago. The old buildings were destroyed by fire soon after the opening of the meeting last March.

The new grand stand will be constructed of cement and re-enforced steel. The officials plan to make the course one of the most attractive in the country.

Indianapolis, June.—Gil Anderson, one of the greatest automobile race drivers in all probability will return to the track for the war benefit race to be held in Chicago June 16.

Anderson has recovered from the injuries he received when his car turned over in the Cincinnati race last Labor Day. His greatest victory was the winning of the inaugural race at Sheepshead Bay, when his average was 102.6 miles an hour.

Ames, Iowa, June.—Football will be played at Iowa State College next fall. This announcement was made by Clyde Williams, director of athletics.

"We feel it a patriotic duty that all athletics be continued," Williams said. "Football makes men responsive, active and obedient, and the soldier with those qualities surely is the best."

All football coaches in the Missouri Valley Conference are going ahead with plans for a continuation of the gridiron sport.

Chicago, June.—Denying reports that he is to be displaced as president of the American Association, Thomas J. Hickey announced that he is under a three year contract.

"I also have five of the eight club owners with me," President Hickey said. "It makes little difference to me what the other three think of me as president."

Cleveland, June.—Cleveland is boasting of a youthful pitching "phenom." The youngster is Frank Henry, 14 years old, who has won ten straight games, permitting an average of only four hits a game and averaging fourteen strikeouts in each contest. He is playing with a team in the "Junior league" here.

Muncie, Ind., June.—Jimmie Chano, a Greek wrestler, who has just returned home from a successful campaign, has made a good promise, given before starting on the trip, by enlisting in Company G, Indiana National Guard, of this city.

In the company is Jimmy Watts, a lightweight boxer. Watts enlisted some time ago, declaring he believed the time has come for real fighters to fight for their country and "not for the coin."
St. Louis, June.—The report that Robert Simpson of the University of Missouri, world's champion hurdler, might enter the American ambulance corps for service in France is declared to be unfounded.
Simpson has been signed for farm advisory work. His professors refused his release when he later applied to enter the ambulance corps, saying that he would be of more service in the agricultural department. He has been awarded the scholarship trophy, a new university prize this year.

Fargo, N. D., June.—Practically every player in the Northern Baseball league will be subject to the draft registration, although it is not believed the draft will interfere with the season's play even if all the men are called to the colors, as the season closes September 3.
Manager Denney Sullivan of the Fargo-Moorehead team discovered that every man on his payroll was subject to the draft and he marched his players in a body to the court house where they signed for possible service.

St. Louis, June.—The University of Michigan has snared Marshall Reed of McKinley High School, whom critics believe is the best interscholastic half back ever developed in St. Louis. Reed will enter the university next fall.

Kansas City, June.—Tommy Murphy of the Kansas City Athletic club, probably will not defend his title as national amateur lightweight champion until after the war. Murphy has enlisted as a member of Battery B in the First Missouri Field Artillery.

PHILLIES WIN ON
RED'S RAGGED PLAYING

Regan Pitches Brilliant Ball but is Given Wretched Support—Giants Win from Pirates.

Cincinnati, O., June 13.—Regan pitched brilliant ball here today against Philadelphia but received wretched support and Cincinnati lost the first game of the series 3 to 2. None of the visitors' runs were earned while Cincinnati's two runs were cleanly earned off Alexander.
Score: R, H, E.
Philadelphia: 001 000 020—3 6 0
Cincinnati: 100 000 100—2 8 5
Batteries—Alexander and Kilfliter; Regan, Knetzer and Wingo.

New York, 7; Pittsburgh, 3.
Pittsburgh, June 13.—New York in its first appearance here this season defeated Pittsburgh today 7 to 3. From the start it was a hitting match.
Score: R, H, E.
New York: 319 100 101—7 11 0
Pittsburgh: 001 000 020—3 13 3
Batteries—Anderson and Rariden; Grimes and Fischer.

While the record of the Browns' in club batting is of the best, their club fielding record is a crime.

BIRTHDAY OF NOTED BANKER

New York, June 13.—Few men have achieved such a notable record of success at the comparatively early age of 50 years as has Henry P. Davison, the New York banker, who received the congratulatory of his friends today on reaching the half-century mark of his life's journey. Mr. Davison has long been recognized as one of the ablest of the younger men in the field of "high finance" and, as one of the leading members of the firm of J. P. Morgan & Co., has been the intermediary of that firm in its service to the Allies in negotiating purchases in the United States. Recently he was chosen by President Wilson to be head of the war council of the Red Cross of the United States, in which capacity he is supervising the relief work of a constructive nature which that organization intends to do in the pillaged and war-smitten sections of Europe.

Hal Chase is putting up his same old brilliant game for Cincinnati, except in the matter of batting. The Red's first sacker is not showing championship form in stick work.

Detroit's pitching staff would look at least fifty per cent better if the Tigers displayed anything like their old-time batting form.

International Corn Planters
Have a Habit of Pleasing

If your neighbor owns
an International corn
planter, you don't have
to be told that he is
satisfied. You know it,
and we know it. The
International corn
planter satisfies because
it is simple and because
it plants corn the way
you want it planted. A
strong feature is the ad-

justable runner frame, keeping the runners even and the hoppers level, no matter what the height or speed of your team. This mean accurate dropping and even checking instead of zig zag. It is a very convenient planter under all conditions.

The International is the corn planter that deserves to be looked over by every farmer who wants to get the most out of his cornfields. It wastes neither seed nor ground, it handles easily, and it lasts as long as any farmer could ask.

Come in the first time it is convenient and study an International planter. Made in five styles—own the style that suits you.

MARTIN BROS.

Senreco
The
double-service
tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

I am using Senreco myself. Gums have improved wonderfully.
Birmingham, Alabama, Mar. 20, 1917.

I find Senreco a great help in my work.
Rochester, N. Y., Feb. 7, 1917.

I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.
Chicago, Ill., Mar. 10, 1917.

Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.
Philadelphia, Pa., Jan. 22, 1917.

President Rammelkamp Makes Annual Statement for Illinois College

The following are the main paragraphs in the statement presented Wednesday by President Rammelkamp, at the commencement exercises of Illinois College.

At this time of great national and world-wide emergency, it is not easy to turn our attention to routine reports. However, there are some phases of the history of the past college year in which you will be interested and to which, therefore, I shall direct your attention, on this occasion.

Trustees

In the first place I must give expression to that deep sense of sorrow which fills our hearts when we note the absence of one of our trustees. The death of Edward Payson Kirby has removed from our Board not only its senior member, but one whose warm loyalty, and unselfish devotion to the College are an inspiration to us all. Mr. Kirby was in many respects an ideal trustee. A son of one of the founders of the College, an alumnus, a scholar, a lawyer of sunny, a true gentleman and a public spirited citizen, he brought to the service of his Alma Mater what many would like to give but few can give in such generous measure. It is surprising that a man of his talents and devotion should have served for forty-six years as a member of the Board of Trustees, for thirty years as Secretary of the Board, twenty-four years as Treasurer, and five years as Chairman. Those of us who were privileged to serve with him during these later years of his life, always felt the inspiration of his presence at our council table; we valued the wisdom of his advice, always so modestly given and we shall cherish his memory as a true friend.

We welcome to our Board the Reverend William Covert, pastor of the First Presbyterian Church of Chicago. A graduate of Hanover College and of McCormick Theological Seminary, Dr. Covert has served on the boards of various educational institutions, and is on the editorial staff of the *Chicago Tribune*.

At the meeting this morning, David W. Frackelton of Cleveland, Ohio was also elected to membership. Mr. Frackelton is an alumnus of the class of 1894. Well known for several years in our locality as a banker in Petersburg, Mr. Frackelton is now Secretary-Treasurer of the Chandler and Price Company, Cleveland.

I am also pleased to announce that on the recommendation of the alumni, Mr. Harry J. Dunbaugh has been re-elected to the Board.

College Faculty and Work of Instruction

Until the war interfered with our activities the work of instruction was proceeding in the usual quiet and effective manner. Naturally the absorbing interest in the war and the departure of so many of our students interfered somewhat this spring with the work of the institution.

Miss Alice Malone who came to us last fall as Instructor in German and English and Miss Dorothy L. Scott who came at the same time as instructor in Latin and French will not return next fall. We appreciate the service which both instructors have rendered to the College and they leave us with our best wishes. There will be next year some arrangement of the work done by these instructors and in partial fulfillment of that plan Miss Miriam Akers has been appointed instructor in Latin and English. Miss Akers was graduated from Illinois College last year and was then elected to a graduate scholarship in Latin at the University of Illinois, at which institution she will receive this June her Master's degree.

The College Library

About 257 volumes, exclusive of public documents, have been added to the library during the year. It will be remembered that the H. W. Johnston Memorial Fund for the purchase of books in the field of ancient classics was completed last year, and the full income will now be available. Further progress has also been made towards the completion of the Professor and Mrs. Harvey W. Milligan Memorial Library Fund of \$2,000. Furthermore the friends of the late Samuel W. Willard, '43, have started a movement for the establishment of a Willard Memorial Library Fund of \$2,000 for the purchase of books in the field of history and political science. The former students of Dr. Willard in the public schools of Chicago, some of them today men of great prominence in that city, are taking a special interest in this movement.

I cannot let a commencement pass without calling attention to the library needs of the College. As the student body has grown and as the accessions to the library have increased, the need for a new library building has constantly become more urgent. I may say with still greater emphasis than I said last year: "The time has come when the College must have for its growing library more than two small, inadequately equipped rooms in a building that is used for several other purposes." The Building and Grounds Committee of the Board, with the assistance of the Library School of the University of Illinois, and of Professor Ames of our own faculty has been giving some attention during the year to the plans of the proposed building. As previously announced, the Trustees are endeavoring to raise \$75,000 for this improvement. May we not hope that some friend will soon provide these funds? Such a building is destined to become the most important building on the campus, the center of our college life. It might be made a memorial to some distinguished alumnus or friend.

Conservatory of Music
Friends of the Conservatory of Music will be pleased to learn that

there will be no change on the faculty of that department next year. We extend our congratulations to Director Krich and his colleagues on the success of their work. Furthermore the Conservatory has enrolled during the past year the largest number of students in its history. We have grown accustomed to expect good things from the Conservatory of Music.

Whipple Academy

At the Semi-Annual Meeting of the Board of Trustees last December, it was decided to modify the preparatory course by omitting hereafter the first year in Whipple Academy. Conditions in the public schools of Illinois have improved greatly during the last decade. This is especially true regarding the extension of high school facilities. The establishment of township high schools, provision for the payment of the tuition of pupils residing in territory without a high school, the raising of the standards of secondary education have all contributed towards this improvement. What ever changed conditions may make it wise for our Trustees to do, Whipple Hall will always remain as a memorial to a generous friend. Principal Robinson, I am glad to say, will continue in charge of the Academy next year.

Academy Hall

Academy Hall has housed a larger number of residents than in any previous year. Naturally, in a time of increasing prices, the problem of conducting this department presented unusual difficulties. However, under the efficient management of Miss Margaret Rugh, the Hall will probably close the school year with only a small deficit. The Trustees have felt obliged in view of the unusual conditions to increase slightly (\$15) the rate for room and board next year. I hope the young ladies who reside at Academy Hall appreciate the difficulties that confront the management of every home in these days of high prices.

Students

The year has witnessed another increase in attendance. The total attendance, after eliminating all duplicate registrations, is 453 as compared with 393 in the previous year, an increase of 70. In the College, the registration is 191 as compared with 173 last year. The students have shown during the year that spirit of enthusiastic loyalty which has become so characteristic of our student body. The year has been remarkably free from annoying problems of discipline. In fact, no year of the fifteen during which I have been connected with Illinois College has been free from such problems. The various student activities—athletic, oratorical, dramatic, religious, etc.—were proceeding in the usual enthusiastic manner until interrupted by the war. In common with a majority of the colleges of the country, our athletic management abandoned its intercollegiate schedules early in the spring. After a very successful football season, prospects were bright for strong teams in baseball and track, but when the call came to a higher duty, the men abandoned their athletics and devoted themselves to military drill. Whether or not we shall have athletics next year will depend upon the conditions existing at that time. We must hold ourselves in readiness to encourage such forms of physical exercise and student activities as the conditions may warrant in the fall.

The women worked energetically during the year to increase the Woman's Building Fund, \$992 having been added to that fund since last commencement. A total of about \$1800 has now been subscribed for this purpose. I understand that the women in a spirit of patriotism and with keen business sense, have invested their money in Liberty bonds. The amount secured may not yet be large, but no cause that excites such enthusiasm and devotion can possibly fail. I feel confident that in a few years our women will have the building which they so much desire and which will promote so materially the welfare and happiness of the women students of the College.

The Alumni

The Alumni Association, the Alumni Fund Association, and the College published jointly this spring, an alumni directory containing names and, as far as known, the addresses of our living alumni and former students. This interesting publication should help still further to develop the interest and loyalty of all alumni. The directory shows that the College has a list of 561 living alumni and 1105 former students. The addresses of all, except five, of the alumni are known, but there are some 242 unknown addresses of former students. Many of the latter are doubtless dead, but the College has no definite information regarding them. The thanks of all are due to Mr. Arthur D. Fairbank, '00, and his colleagues on the committee who edited this directory. The In Memoriam booklet containing photographs of the distinguished alumni of the College in whose memory permanent memberships have been established in the Alumni Fund Association is a noteworthy publication. Such a list of distinguished sons justifies all the money that has been contributed, and all the effort and sacrifice made for the welfare of the College. The Alumni Fund is growing steadily, the fifth annual report published in September showing a total contribution for the year amounting to \$5,306.10. Of this amount \$2,235.50 was for the endowment of permanent membership in the Fund. It will also be noted in the report of the Finance Committee that the Alumni Fund endowment now amounts to \$5,300. The membership in the Association is now 25.5 per cent of all

(Continued on Page 10.)

THREE "BOYS" OF '61 WHO NOW BOAST OF HEALTH LIKE THEY HAD IN WAR DAYS, THANKS TO TANLAC

Years Exposure and Life's
Hardship Cause Cain,
Houston and Robins
No Worries.

CREDIT GIVEN TONIC

"Tanlac Brought Us the Good
Health We Now Enjoy,"
They Say.

Back in the days of '61, when D. M. Cain, M. Houston and Ike Robins joined the ranks of the Union army at the call of President Lincoln, none of the three men gave a thought to health. They had youth, and youth and poor health are strangers.

Cain, Houston and Robins have now passed the seventieth milestone of life. They met poor health years ago and retired to the National Military Home at Leavenworth, Kansas, to live the remainder of their lives in suffering, as they thought.

Six weeks ago, Cain, Houston and Robins were still in poor health. They had given up hope of ever being better.

Today, these three veterans boast of as good health as they enjoyed back in the sixties. Ask them what caused the change and they will tell you, "Tanlac."

"Yes, it's true," Cain, who is 75 years old, said at the Military Home, when asked about his case. "It's true that I have suffered years from stomach and kidney troubles and rheumatism and tried every medicine I heard of. I got no relief. And, it's true, also," he continued, "that this new medicine, Tanlac, went straight to the seat of my trouble and gave me complete relief."

Meals Were Costly.

"For years I had to use the utmost care in choosing my food. There were very few things I could eat, I can tell you, without such severe pains that I could hardly stand them. I always suffered pains in my stomach after eating. The pains would be less severe, though, when I ate certain foods and I tried to stick to those foods all the time, but the pains came, just the same."

"My kidneys caused a continual ache and pain in my back. Why, I suffered, with my back all the time and it made me feel just miserable. I

Left to Right: D. M. Cain, M. Houston and Ike Robins, Three Veterans of the Civil War Who Have Enlisted in the Army of Tanlac Boosters.

had headaches, often, too. The rheumatism was in my back. Pains came between my shoulders often and were very severe. I never knew a well day. I was in misery all the time."

"Well, I'd tried about everything else and so, when I saw Tanlac advertised, I thought I might as well try it, too. I didn't expect much relief, though. I'd tried too many medicines without being benefited to expect much. That's why I was so surprised, I guess, when Tanlac helped me so much. For it surely has benefited me greatly, and in every respect, too. To tell the truth and tell it briefly, I feel better all over since taking Tanlac."

Pains Have Disappeared.

"The pains in my back that formerly caused such intense misery, have disappeared entirely. The rheumatic pains also have vanished. My appetite has greatly improved and I can eat anything I care for without any pains in my stomach or any other form of distress afterward."

"I want to recommend Tanlac to others who are bothered as I was."

Robins, too, was bothered with rheumatism. He said that six weeks ago he was in a serious condition but

that now he feels strong and well. He is 70 years old.

"Like Cain, I had rheumatism," Robins said. "It settled in my chest and in the calves of my limbs. The severe pains I suffered just made me feel badly all over. My appetite was very poor, too, and, to tell the truth, I was run down and out of shape in every way."

Feels Better All Over.

"Well, I heard so much about Tanlac from the other fellows here at the Home that I decided to try it. I expect I was just as surprised when Tanlac benefited me as Cain says he was. I know I was greatly surprised. Why, it was just a short time after I started taking Tanlac that the pains in my chest and limbs began to disappear. I've taken four bottles of Tanlac now and I never experience pains like I used to suffer. I've been benefited in other ways, too. My appetite is improved and I feel better all over."

"Yes, I cheerfully recommend Tanlac for it has benefited me greatly."

Houston, like Cain and Robins, is a Tanlac booster. He says Tanlac went straight to the seat of his trouble and brought him relief similar to that described by his two comrades.

TANLAC The Master Medicine

Is now being introduced in Jacksonville by a specially trained expert at

Coover & Shreve's East Side Store

Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co., and is sold in cities and towns of this vicinity by the following exclusive agents:

Auburn—W. D. Mottary.
Ashland—H. O. Brownback.
Chapin—F. P. McKinney.
Girard—L. C. Deck.
Greenfield—B. J. James.

Modesto—Ales Nevine.

Clean Your Car the WONDER-MIST Way

The old way of car washing and polishing is a hard, dirty job that does more harm than good to car appearance—for water washing kills finish luster in less than a season. Wonder-Mist puts an end to all this because it does away with car washing and the use of body polishes.

Spray It On—Wipe Off and Rub Dry With Cheese-Cloth—That's All

You spray Wonder-Mist right over dust, mud and grease. Then wipe off and rub dry with cheese-cloth—simple as A B C. Wonder-Mist penetrates and loosens all accumulations—acts as a lubricant between dirt and finish, preventing all danger of scratching.

Cleans and Polishes in One Operation

Wonder-Mist not only takes off the dirt but feeds and protects the finish and maintains the luster. Leaves no clouds. Prevents mud spotting and rain streaking. Should be used on all new cars before put in service. Contains no acid, alkali, gum or wax.

Wonder-Mist in the Household

Wonder-Mist is as simple and effective in cleaning and polishing fine furniture, hardwood floors, etc., as it is on the automobile. Cleans and polishes with little effort and leaves a clean, bright surface.

PRESIDENT RAMMELKAMP MAKES ANNUAL REPORT

(Continued from Page 9.)

the graduates and former students of the College. This is a remarkable percentage compared with the results achieved by other similar organizations.

Several alumni and former students have died during the year. Reference has already been made to the death of Edward P. Kirby, '54. Among the other deaths of the year, reported to the College office, are the following:

Alumni: Judge Lyman Lacey, '55; Hervey W. Fowler, '56; George C. Barber, '68; Charles S. Sanders, '79.

Honorary Alumni: Judge Samuel C. Parks, '42.

Former Students: William B. Smith, ex '56; J. W. Chambers, ex '66; Conwell Dunlap, ex '66; George W. Massey, ex '69; Howard Green, ex '77; Chas. H. Williamson, ex '78; George Engelbach, ex '79; Edward C. Hayward, ex '82; C. T. Bradbury, ex '83; David M. Sharpe, ex '83; Carl Branch White, ex '92; Gertrude Young, ex '99; E. P. McKinney, ex '11.

The Eli B. Williams and Harriet B. Williams Memorial Fund.

A little over a year ago announcement was made of the magnificent donation of a large fund by Mr. Harriet Williams to the aid of worthy and needy students. From the proceeds of that fund, Illinois College has added during the year seventy-five students, fifty-four men and twenty-one women. Aid has been given according to the needs and ability of each individual. We have looked at the fund as a sacred trust to be administered for the benefit of promising young men and women of our state and country. The total amount of money distributed in these scholarships amounts to \$4,185.

The College, it will, of course, be remembered, has other scholarship funds given by many generous friends, since the foundation of the institution. An additional \$1,125 has been dispensed in scholarships from these funds. It will, therefore, be noted that over five thousand dollars has been expended by the College in scholarship aids to young men and women.

Gifts.
We are again indebted to numerous friends who have generously aided the College during the year. We are especially indebted, as on many previous occasions, to Chairman Russell for aid in various directions including particularly the sweaters for the football teams, guns for the military company, and the girls' shower room in the gymnasium. We are indebted to the Rev. Edward B. Landis for the donation of three prizes in Bible, which have done much to stimulate interest in the work of that department. Nor would I forget to make special mention of the steel lockers donated by Mrs. J. F. Downing for the men's locker room.

Several friends have donated books to the library. Miss Elson Barnes has generously assisted our students in the production of several amateur plays and Mrs. Frances A. Humphrey gave her services to the girls in the production of their Dandelion Fete. These and many other are constantly extending a helping hand to the College. One other gift, I believe, deserves particular mention. This morning at the meeting of the Board of Trustees we received a letter from an out-of-town member expressing regret that he could not meet with us and was his regrets came a donation of one thousand dollars.

Finances.
Friends of the College will rejoice to learn that for the sixth successive time, we have closed the year with a balance in the expense and income account. The amount is not large, only a trifle over \$400, but in view of the increasing costs which characterize these times, and in view of an estimated deficit at the beginning of the year, the financial results are highly satisfactory. A college does not exist for the purpose of making money, but a balance on the right side of the ledger is a source of satisfaction even to college trustees. More detailed information regarding the financial transactions of the year will be found in the report of the finance committee attached to this report.

The College now has total assets amounting to \$740,000, without taking any account of the Williams Scholarship Fund. If that fund is taken into account the assets will amount to nearly one million dollars. The endowment, exclusive of any allowance for the Williams Fund is at present \$406,000. The financial foundations of the College are, therefore, well laid and it only remains to build a worthy structure on these foundations. Friends will not forget that we are endeavoring to raise an additional \$300,000, of which amount, as already noted, \$75,000 is to be devoted to a new library building. A beginning of \$25,000 has been made on this new fund. The unusual conditions of the year have naturally rendered it difficult to make much progress in our campaign.

The College and the War
We are not living in ordinary times. For nearly three years we have been chiefly spectators of a terrible war, but now we are ourselves in the midst of the conflict. Illinois College, like every other college in the country, must do her part in this crisis. She would not be worthy of her past nor true to her ideals if she did not give generous help to the nation at this time. War makes heavy demands upon our colleges, but when one remembers that these institutions contain in their student body the "pick" of our youth, the men and women whose age and training especially fit them to serve their country in such an emergency, it is not surprising that it should be so. Furthermore, colleges are built

on the gifts of a generous public; they are all, in a sense, public institutions favored by the state. The state, therefore, has a right to expect large sacrifices from its colleges. The record of Illinois College in the Civil War is now a matter of pride to its alumni and friends. We have every reason to believe that the record of the College in the present war will be no less honorable. Thirteen of our present student body, including two of the graduating class, have already enlisted in the service. Their names should be mentioned, I am sure, in this report:

Joseph H. Bedale, marines, Newport, R. I.
Raymond Brown, cavalry, Ethan Allen, Vt.

Robert J. Foster, medical corps, Ft. Sheridan, Ill.

Earl Sooy, engineer, Camp Baker, El Paso, Texas.

Wm. W. Kitchner, clerk, medical corps, Camp Baker, El Paso, Texas.
Fred W. Bray, medical corps, Ft. Sheridan, Ill.

Floyd Lashmet, medical corps, Ft. Benjamin Harrison, Ind.

W. Russell Pinkerton, musician K Troop, 14th Cavalry, Ft. Riley, Kans.
Frank J. Merrill, Co. B, I. N. G., Louisiana, Mo.

Harry W. McLaughlin, cavalry, Ft. D. A. Russell, Wyo.

Ira D. Fanning, Ft. Snelling, Minn.

Raymond Riefler, cavalry.

W. T. Harmon, of the Faculty, also resigned his position in order to enter the officers' training camp at Fort Sheridan. Many others in our student body and in our Faculty are only awaiting the call to duty, whatever it may be, and wherever it may lead. Many of our alumni enlisted, but since reports of such enlistments must at present be incomplete, I do not attempt to mention names. Furthermore, a graduate of Whipple Academy, Charles C. Battershell has been driving an ambulance in France for some months.

Trustees Took Early Action

It is, perhaps, proper that I should make a record in this report of the action thus far taken. The Trustees early placed the college plant and equipment at the disposal of the government; and the faculty, like other faculties of the country, early promised full college credit to students who enlisted in the military service or who, at the request of their parents, left to engage in farm work. Furthermore, a Faculty Committee, under the Chairmanship of Professor Ames, is actively co-operating with the Intercollegiate Intelligence Bureau to serve the government. As previously mentioned, the athletic schedules were abandoned early in the spring and military training was introduced. We are very much indebted to Mayor E. C. Vickery, a local retired officer of the National Guard, with experience in the Spanish-American war, for the generous donation of his services in the training of our men. When it was found that equipment could not be secured from the government, Chairman Andrew Russell with that never failing generosity so characteristic of him, provided the equipment. Great interest was taken by the students and faculty in the drill, but when such large numbers of men left college for military service and farm work, it was found impracticable to continue the training. Nor have our girls failed to answer the call of the nation. They have organized a class for instruction in Red Cross work and are preparing in other ways to do their part.

When the war is over there will be made upon us such demands for men and women of knowledge and training as have never before come to any country. There will be equal need for a much higher average of general intelligence for citizenship than has been necessary until now. The world will have to be rebuilt and American college men and women must assume a large part of the task.

It may, then, be taken for granted that Illinois College will open her doors as usual in the fall. We expect at least an average Freshman class. Some of our older students, alas, will probably not return, and we anticipate, therefore, some decrease in attendance. The lessened income from tuition, and the increased expenditures for certain fixed charges will make it necessary for the Trustees to curtail many appropriations. I am sure that members of the Faculty and others will appreciate the conditions which make such action imperative. Salaries, will, of course, not be decreased. There may be some slight modifications of the calendar and curriculum to suit the peculiar needs of the hour. If proper arrangements can be made, compulsory military drill will probably be introduced for men and I hope that provision will be made for some form of Red Cross work for the women. Otherwise the work will proceed as usual.

Let us, therefore, look forward to the future with courage and confidence. God grant that too many of our young men and women may not have to lay down their lives in this world-wide struggle for freedom and humanity. But whatever the call may be, we are ready. As college men and women let us remember that the ravages and destructions of war will only increase the work which all colleges, including our own, must do for the cause of civilization.

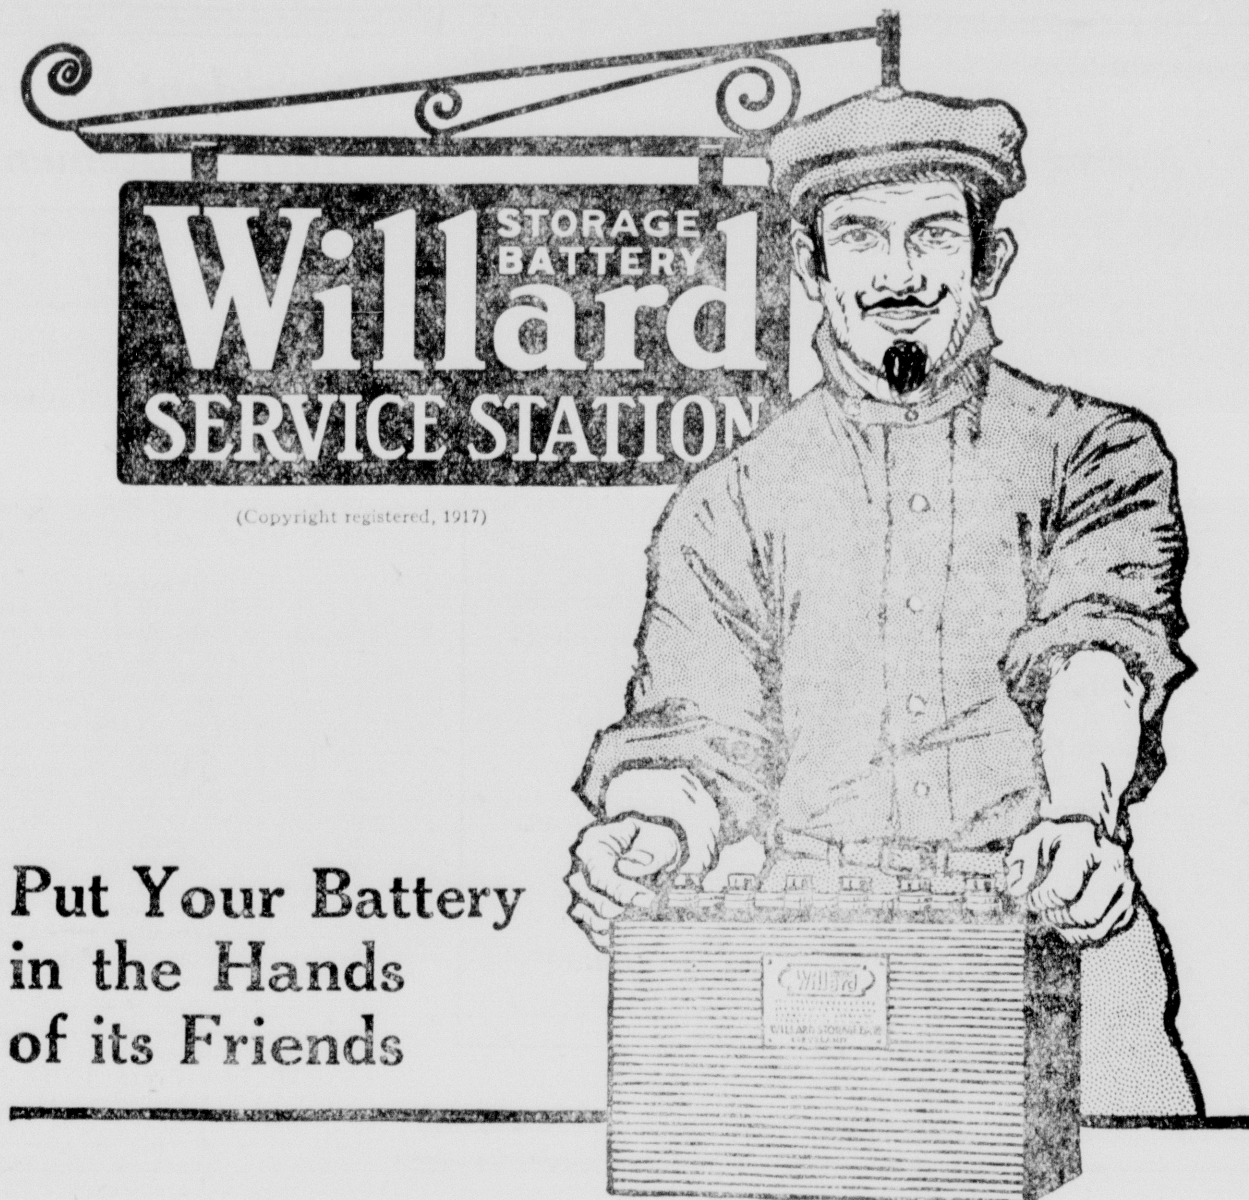

C. H. RAMMELKAMP.

DIPLOMAS FOR 38 GIRL GRADUATES

Oxford, O., June 13.—Thirty-eight graduates received diplomas today at the annual commencement of the Western College for Women. Dr. William O. Thompson, president of Ohio State university, delivered the commencement address.

EXERCISES AT CATHOLIC UNIVERSITY

Washington, D. C., June 13.—Many members of the senior class of the Catholic University of America were unable to attend commencement today because they are actively engaged in military service. The graduation exercises were held in McMahon Hall with Bishop Shahan, rector of the university, presiding. About 200 diplomas were granted in all departments of the university.

Put Your Battery in the Hands of its Friends

It is too vital a part of your car to be handled by *anybody*. It gives you power to crank your engine, the spark that keeps it going, and light at night.

Upon it depends the successful operation of your car.

Bring it in twice a month, and we'll test it—for expert testing is the first rule in battery care.

If you haven't distilled water at hand, we'll fill it.

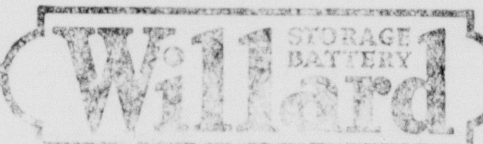

If it needs repairs or recharging we'll do the work as you'd expect factory-trained experts to do it. And you won't lose the use of your machine the while, for we have a rental battery for your use while we're working on yours.

We're your battery's friend. Our job is to keep it on the job to your satisfaction.

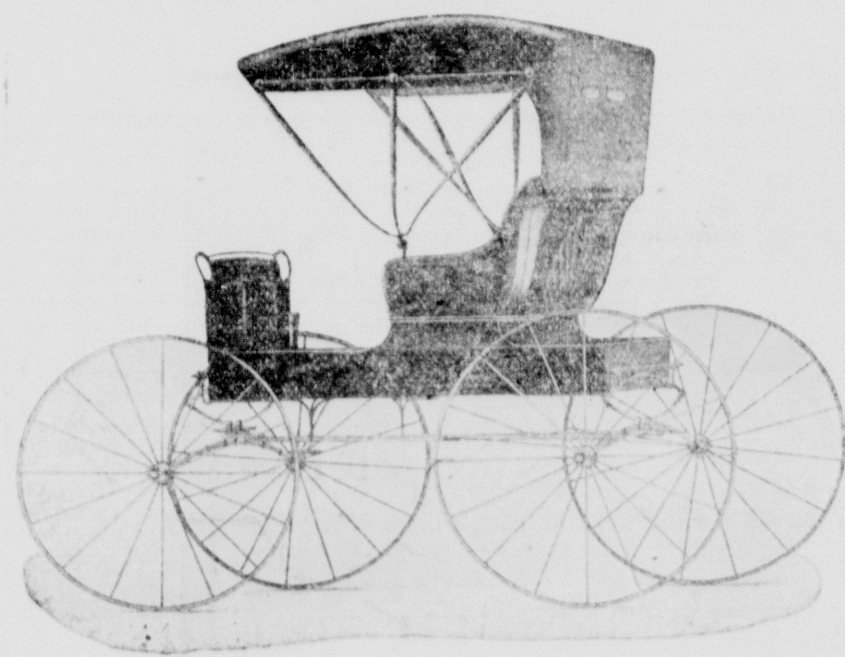

For we're the Willard Service Station.

BLUFFS HOUSEHOLD
SCIENCE CLUB MEETS

Close Successful Year With a Family Banquet—Seventy Present—Other Bluffs News Notes.

Bluffs, June 13.—The Bluffs Household Science club closed a very successful year with a family banquet at Lewis' opera house Tuesday night. The members of the club with their families to the number of seventy were present. Two tables were set the entire length of the room and were decorated with home grown bouquets of peonies and roses and presented a very pleasing appearance. The feast was the main feature of the banquet and was first on program to which all did justice. Supper being over, the following program was given: Song, "Annie Laurie," by the club. Little Margaret Black sang a solo, the piano and violin accompaniments were played by Mrs. L. C. Black and son Vernon. This was followed by a reading by Mrs. O. A. Woodson. Song, "Long Ago," by the club. Rev. Phil J. Rinehart gave a short talk and complimented the ladies and thanked them for permitting him to be present on this occasion. Miss Suzanne Rinehart rendered a very pleasing violin solo as she always does and also responded to an encore. Reading, "A Lesson to Lovers," was given by Mrs. John Adkins after which the banquet was brought to a close with the song, "America."

The following are a few of the things accomplished the past year: first the federation of the Women's Monday and Household Science clubs. In union there is strength. The three clubs raised \$195 to place a floor in the gymnasium of the pub-

WELL-KNOWN ILLINOIS
WOMAN SPEAKS.

A BOON TO WOMANKIND.

Carbondale, Ill.—"I consider Dr. Pierce's Favorite Prescription a great boon to woman-kind for female weakness and constipation, also for inflammation of the bladder and organs, for which I have been greatly benefited."—Mrs. L. W. MILLER, 308 Pecan St., Carbondale, Ill.

When a girl becomes a woman, when a woman passes through the changes of a middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last 40 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

Dr. Pierce's Pleasant Pellets are the original little Liver Pills. Tiny, sugar-coated, anti-bilious granules—the easiest to take.

CHAPIN WOMAN'S CLUB
MET WITH MRS. HERBERT

Interesting Program Rendered Tuesday Afternoon—Mrs. B. J. Taylor Entertains for Junior Hall—Other Chapin Items

Chapin, Ill., June 13.—The Chapin Woman's club met with Mrs. J. L. Herbert Tuesday afternoon. There were about twelve guests present and the roll call was answered by "Modern conveniences". Mrs. E. Menhueser gave a paper on "Modern Employment for Women" which was very interesting. Misses Esta and Jane Snively of Cuba, Ill., sisters of Mrs. Herbert were guests. Miss Irma Herbert gave a reading which was enjoyed by all. Misses Johanna and Gertrude Onken gave several musical selections.

Miss Margaret Egan returned home Tuesday after several days visit with friends in St. Louis. Mr. and Mrs. C. F. Duckett were Jacksonville visitors Tuesday.

W. H. Taylor of Chicago returned home Tuesday evening, after being the guest of Mr. and Mrs. B. J. Taylor the past week.

Mrs. H. O. Smith and Mrs. W. W. Anderson attended a picnic in Jacksonville given for the Federation of clubs.

Mrs. E. A. Mahanahan of Chicago is visiting friends and relatives here. Mrs. Mahanahan was formerly Miss Georgia Anderson.

Mrs. B. J. Taylor entertained fifteen little guests for Master Junior Hall Tuesday from 3 to 5. The afternoon was spent in games and delicious refreshments were served. Mrs. Wm. Thompson of Beardstown has been visiting her mother, Mrs. Sinclair Taylor, for several days.

Mrs. Lamar Hollowell and son Junior, expect to leave today for

their home in Des Moines, Iowa. They have been the guests of Mr. and Mrs. B. J. Taylor for the past six weeks. Miss Josephus Taylor will return with Mrs. Hollowell to spend the summer in Des Moines. E. F. Antrobus has resigned his position with the Illinois Telephone Company, resignation to take effect June 15th.

THREE SEEK VIRGINIA
GOVERNORSHIP

Richmond, Va., June 13.—The lists have closed for the Democratic primaries to be held in Virginia early in August, when a complete state ticket will be nominated in anticipation of the November election. Interest centers chiefly in the race for the gubernatorial nomination, which promises to be one of the most spirited in the recent history of the Old Dominion. The leading candidates for the head of the state ticket are J. Taylor Ellyson, the present lieutenant-governor, and John Garland Pollard, who now holds the office of attorney-general. A third aspirant for the gubernatorial nomination is Westmoreland Davis of Loudoun county, who counts upon the support of the farming element. Ellyson and Pollard are leading representatives of the two rival factions into which the Democratic party in Virginia has long been divided. The party organization is expected to give its support to Mr. Ellyson, while Mr. Pollard is backed by the so-called anti-organization forces.

80TH COMMENCEMENT
AT MOUNT HOLYOKE

South Hadley, Mass., June 13.—The eightieth commencement of Mount Holyoke college was brought to a close with a graduating exercise today. The address before the graduation class was delivered by President McCracken of Vassar college.

CHARACTER IS KEYNOTE
OF TRADE EXPERTS' TALK

At Second Annual World's Salesmanship Congress in Detroit—Essential Qualities of Good Salesmen Told by Prominent Sales Managers.

Detroit, Mich., June 13.—"Character" was the keynote word of many addresses delivered today by trade experts at the second annual World's Salesmanship Congress. Prominent sales managers told the Congress of what they considered essential qualities which men and women must possess to be considered good salesmen.

H. S. Butler of Columbus, Ohio, presided at the forenoon session. The program called for an address on "Integrity" by V. L. Price, St. Louis; "The Alpha and Omega of Selling," by Z. D. Dunlap, Nashville, and "Sales Schools," by C. H. DeAcres, Cleveland. The problem of training men was discussed with J. L. Thompson, Detroit; George L. Willman, South Bend, Ind., and E. E. Fowler, Niagara Falls, N. Y., announced as leaders of the debate.

With F. S. Gould, Minneapolis, as chairman, the afternoon session is to consider various phases of two general topics—"Handling Men" and "Co-operation." B. P. Sprinkle, Butler, Pa.; E. Elmo Martin, Cleveland; F. W. McCann, Columbus; T. H. Etheridge, Jr., San Antonio, and John H. Wiles, Kansas City, Mo., were among those announced as speakers.

WILL WORK FOR RED CROSS.

The Friday Social Circle will hold its first meeting of the summer with Mesdames James and Claude Vail. The members at a recent meeting decided to hold meetings thruout the summer months at which work will be done for the Red Cross.

WHAT PERMALITE IS

PERMALITE is a permanent and constant battery service for lighting and starting automobiles—a battery that lasts forever because of the Permalite System of Battery exchanges—an exchange conducted in identically the same manner as gas tank exchanges.

PERMALITE gives the automobile owner a permanent Electrical Service Exchange. Permalite stands in the same comparative relation to the ordinary battery as does the modern gas tank to the old form of acetylene generators, long since discarded.

PERMALITE is a battery so well and economically constructed by us that we can afford to lease to you for a nominal sum with a small exchange fee of \$1.25, and you can exchange it as often as is necessary at any of our service stations, without delay, receiving in its place another Permalite battery which will have been renewed at our expense and containing the same exchange guarantee.

PERMALITE is not sold—it is too expensive a battery to sell to automobile manufacturers on a competitive basis. We cannot afford to sell this battery to an automobile manufacturer at approximate cost in order to secure a hold upon the user. We have to get to make Permalite so good that we can give you the best battery service you ever had in order to keep you in our exchange. We have no other inducement to hold you.

This is your opportunity to buy dependable merchandise of this character at your own figures. Seats for ladies. Come and see for yourself. It is a bona fide sale. His misfortune is your opportunity. Remember the old saying, "It's an ill wind that blows nobody good." The sale will be conducted as Mr. Schram has always done business—fair and square.

Briggs & Reid, noted auctioneers, will personally conduct this sale. There will be two each day—2:30 and 7:30 p. m., and will continue until every article is disposed of.

Remember the Opening Sale

ROSE FESTIVAL OPENS

AT PORTLAND

Portland, Ore., June 13.—Portland's annual Rose Festival was ushered in today under most favorable auspices. During the remainder of the week the entire city will devote itself to the festivities. The program is more elaborate than in any previous year, and each day will furnish its quota of parades, pageants and other outdoor entertainment. Special attention will be devoted to keeping the displays and floats of a patriotic nature. Thousands of visitors from all over the northwest are here to attend the carnival, the hotels and boarding houses being filled to capacity. During the next three days the holding of a number of conventions will add largely to the attendance of visitors.

AMERICAN PEERESS

IN WAR WORK

London, June 13.—In the front rank of American-born peeresses now actively engaged in war work is Lady Maidstone, who before her marriage to Viscount Maidstone in 1910 was Miss Margaretta Drexel of Philadelphia. Lady Maidstone is considered to be the most beautiful American in England, and incidentally one of the wealthiest. Her husband, a lieutenant in the Royal East Kent Yeomanry, is the son and heir of the Earl of Winchelsea, and is at present at the front. It is interesting to note that an ancestor of the Viscount fought a duel with the victor of Waterloo, the Duke of Wellington, and afterwards married the "Iron Duke's" niece.

JAS. M. BECK THE SPEAKER.

Pittsburgh, Pa., June 13.—James M. Beck of New York, former assistant attorney-general of the United States, delivered the commencement address at the University of Pittsburgh this morning. The commencement plans varied little from the customary exercises of previous years. While a number of the students have volunteered for military service nearly all of them were able to be present at the graduation exercises.
